**GENERAL INFORMATION**

***Who may vote***

Shareholders of Meridian, as recorded in our stock register on December 1, 2006, may vote at the meeting. As of that date, Meridian had 26,215,202 shares of Common Stock outstanding.

***How to vote***

You may vote in person at the meeting or by proxy. We recommend you vote by proxy even if you plan to attend the meeting. You can always change your vote at the meeting.

***How proxies work***

Meridian's Board of Directors is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the meeting in the manner you direct. You may vote for all, some or none of our director candidates. You may also vote for or against the other proposals or abstain from voting.

If you sign and return the enclosed proxy card but do not specify how to vote, we will vote your shares in favor of our director candidates, in favor of the Officers' Performance Compensation Plan and in favor of the ratification of appointment of Grant Thornton LLP as Meridian's independent public accountants for fiscal year 2007.

If any other matters come before the meeting or any adjournment, each proxy will be voted in the discretion of the individuals named as proxies on the card.

You may receive more than one proxy or voting card depending on how you hold your shares. Shares registered in your name are covered by one card. If you hold shares through someone else, such as a stockbroker, you may get material from them asking how you want to vote.

***Revoking a proxy***

You may revoke your proxy before it is voted by submitting a new proxy with a later date, by voting in person at the meeting, or by notifying Meridian's Secretary in writing at the address under "Questions?" on page 18.

***Quorum***

In order to carry on the business of the meeting, we must have a quorum. This means at least a majority of the outstanding shares eligible to vote must be represented at the meeting, either by proxy or in person.

***Votes needed***

The six director candidates receiving the most votes will be elected to fill the seats on the Board. Approval of the Officers' Performance Compensation Plan and the ratification of appointment of accountants each require the favorable vote of a majority of the votes cast. Only votes for or against these proposals count. Abstentions and broker non-votes count for quorum purposes but

**Table of Contents**

not for voting purposes. Broker non-votes occur when a broker returns a proxy card but does not have authority to vote on a particular proposal.

***Other Matters***

Any other matters considered at the meeting, including adjournment, will require the affirmative vote of a majority of the votes cast.

**ELECTION OF DIRECTORS**

**(Item 1 on the Proxy Card)**

The Nominating Committee of the Board of Directors has nominated for re-election all of the following current directors: James A. Buzard, John A. Kraeutler, Gary P. Kreider, William J. Motto, David C. Phillips and Robert J. Ready.

Proxies solicited by the Board will be voted for the election of these nominees. All directors elected at the Annual Meeting will be elected to hold office until the next annual meeting. In voting to elect directors, shareholders are entitled to cumulate their votes and to give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of shares held by the shareholder, or to distribute their votes on the same principle among as many candidates as the shareholder sees fit. In order to invoke cumulative voting, notice of cumulative voting must be given in writing by a shareholder to the President, a Vice President or the Secretary of Meridian not less than 48 hours prior to the Annual Meeting. The proxies solicited include discretionary authority to cumulate votes.

Four of our six nominees are not Meridian employees. Only non-employee directors serve on Meridian's Audit, Compensation and Nominating committees. All Meridian directors are elected for one-year terms. Personal information on each of our nominees is given below.

If a director nominee becomes unavailable before the election, your proxy card authorizes us to vote for a replacement nominee if the Board names one.

**APPROVAL OF THE OFFICERS' PERFORMANCE COMPENSATION PLAN  
(Item 2 on the Proxy Card)**

Shareholders are being asked to approve Meridian's Officers' Performance Compensation Plan. A copy of this Plan is attached to these proxy materials as Annex A (the "Plan"). This Plan has been in use for numerous years, in substantially the same form, as a mechanism for stimulating and rewarding the achievement of aggressive business goals.

Management believes the Plan is an integral part of the Company's success as compensation earned under the Plan is based on achieving aggressively targeted levels of net earnings and individual performance.

This Plan is being presented for shareholder approval so that the compensation expense for awards under the Plan will be tax deductible for the Company and not subject to limitations on

**Table of Contents**

deductibility as outlined under Section 162(m) of the Internal Revenue Code of 1986, as amended. Under the Plan, the Company may grant cash bonus awards to the chief executive officer, the four other most highly compensated officers, and certain other operating officers of the Company, based on the satisfaction of pre-established performance goals set forth in the Plan.

The Plan is designed to take into account Section 162(m) of the Internal Revenue Code which generally denies corporate tax deductions for annual compensation exceeding \$1,000,000 paid to the chief executive officer and the four other most highly compensated officers of a public company as of the end of the Company's taxable year (Covered Employees). Certain types of compensation, including performance-based compensation, are excluded from this deduction limit. In an effort to ensure that compensation payable under the Plan to Covered Employees will qualify as performance-based compensation, the material terms of the performance goals in the Plan must be disclosed to and approved-by shareholders before the compensation is paid. The material terms of the Plan and the performance measures described below are being submitted by the Company for approval by the shareholders at the Annual Meeting. Upon shareholder approval, the Company believes that compensation payable pursuant to the Plan will be deductible for federal income tax purposes under most circumstances, but there can be no assurance in this regard. Moreover, under certain circumstances such as death, disability and retirement, compensation not qualified under Section 162(m) of the Internal Revenue Code may be payable. By approving the Plan, the shareholders will be approving, among other things, the performance measures (other than the personal achievement measures), eligibility requirements and annual incentive award limits contained therein.

*The Plan.* The Compensation Committee of the Board of Directors has approved the Plan. The Company proposes as a business criterion the measure of annual net earnings. The following description of the material terms of the Plan is qualified in its entirety by reference to the complete text set forth in Annex A.

*Administration.* Executive officers and operating officers of the Company are entitled to participate in the Plan. Employees hired after March 31 of each fiscal year may not be eligible to receive a bonus for the fiscal year ending September 30. Employees hired after October 1 of each fiscal year but before March 31 will be eligible for a pro-rated bonus for the fiscal year ending September 30. Employees who terminate employment before September 30 are normally ineligible. Eligible employees must be on the Company's payroll on the date the bonus checks are distributed. The Company estimates that as of the date hereof, approximately 9 employees are eligible to participate in the Plan. The Plan provides for the payment of cash bonuses as a percentage of base salary at designated net earnings levels. Eligible employees shall receive a bonus equal to a percentage of the employee's base salary depending on the level of Company net earnings achieved for the fiscal year. The net earnings targets shall be established by the Compensation Committee of the Board of Directors within 90 days after the start of each fiscal year. Base salaries for each eligible employee must be established and fixed for the fiscal year at the time that the Company earnings targets are established by the Compensation Committee. The earnings objectives exclude the positive and negative effects associated with extraordinary developments as disclosed in the Company's Form 10-K. The computation also includes a personal achievement multiplier. The multiplier for the Chairman and Chief Executive Officer will be determined by the

**Table of Contents**

Compensation Committee. Shareholders are not being asked to approve any personal achievement measures. However, shareholder approval of the measure of annual net earnings shall be sufficient for the usage of such measure for awards in future fiscal years.

*Achievement and Discontinuance.* The Board of Directors or the Compensation Committee has the right to modify, suspend, or terminate the Plan at any time, but such right shall not include the discretion to increase compensation after performance targets are established and the period of service has commenced in violation of Section 162(m).

*Federal Income Tax Consequences.* The Company believes that under present law the following are the federal income tax consequences generally arising with respect to awards granted under the Plan. This summary is for shareholder informative purposes and is not intended to provide tax advice to Plan participants.

Plan participants must generally recognize ordinary income equal to the cash value of awards received. Subject to Section 162(m), the Company will be entitled to a deduction for the same amount.

*The foregoing provides only a general description of the application of federal income tax laws to certain types of awards under the Plan. The summary does not address the effects of foreign, state and local tax laws. Because of the complexities of the tax laws, Plan participants are encouraged to consult a tax advisor as to their individual circumstances.*

*New Plan Benefits.* Because incentive awards are made based on the achievement of future net earnings targets and personal achievement ratings, it cannot be determined at this time what benefits or amounts, if any, will be paid or allocated to any person or group of persons under the Plan. Amounts which have been paid to certain executive officers under the plan (which was substantially the same as the Plan described above) for the last three fiscal years are reported in the Summary Compensation Table on page 15.

**RATIFICATION OF APPOINTMENT OF ACCOUNTANTS**

**(Item 3 on the Proxy Card)**

Although not required, the Board is seeking shareholder ratification of the Audit Committee's selection of Grant Thornton LLP as Meridian's independent registered public accounting firm for the 2007 fiscal year. The affirmative vote of a majority of shares voting at the meeting is required for ratification. If ratification is not obtained, the Audit Committee intends to continue the employment of Grant Thornton at least through fiscal 2007. Representatives of Grant Thornton are expected to be present at the Shareholders' Meeting and will be given an opportunity to make a statement, if they so desire, and to respond to appropriate questions that may be asked by shareholders.

**Table of Contents****Principal Accounting Firm Fees:**

Aggregate fees billed to Meridian by Grant Thornton LLP for fiscal years 2006 and 2005 are listed below:

***Audit-Related Fees.*** Audit-related fees are the fees billed for assurance and related services that are reasonably related to the performance of the audit or review of Meridian's financial statements. In 2005, such fees primarily related to services for the OEM Concepts, Inc. acquisition and common share offering.

***All Other Fees.*** All other fees are the fees billed for services other than those in the categories previously described, primarily for the audit of the Company's benefit plan.

**CORPORATE GOVERNANCE**

Meridian is an Ohio corporation and, therefore, is governed by the corporate laws of Ohio. Since its Common Shares are publicly traded on Nasdaq and it files reports with the Securities and Exchange Commission, it is also subject to NASD rules as well as various provisions of federal securities laws.

Governance of the corporation is placed in the hands of the directors who, in turn, elect officers to manage the business operations. The Board oversees the management of Meridian on your behalf. The following directors meet the NASD requirements for independence: David C. Phillips, James A. Buzard, Robert J. Ready and Gary P. Kreider. The Board reviews Meridian's long-term strategic plans and exercises direct decision making authority in all major decisions, such as acquisitions, the declaration of dividends, major capital expenditures and the establishment of company policies.

During fiscal 2006, the Board of Directors met on four occasions and took action in writing on one occasion.

**Table of Contents**

Meridian expects all directors to attend shareholders meetings. Each director attended the 2006 Annual Shareholders Meeting, all meetings of the Board and all meetings of Committees of which he was a member.

Shareholders may communicate with the full Board or individual directors on matters concerning Meridian by mail or through our website in each case to the attention of the Secretary.

Non-employee directors of Meridian receive \$20,000 per year for serving as a director and as members of committees of the Board. They also receive \$1,500 for each meeting of the Board and \$1,000 for each committee meeting attended. They receive \$750 for each Board meeting and \$500 for each committee meeting held by telephone. The Audit Committee Chairman receives an additional \$8,000 annually and the Compensation Committee Chairman receives an additional \$3,000 annually. The Board Secretary receives an additional \$1,000 for serving at each meeting of a committee of which he is not a member. Each non-employee director is also granted a non-qualified option to purchase 3,476 shares of Common Stock at the time of election or re-election to the Board of Directors, with the exercise price being the closing sale price on Nasdaq reported on the date of grant. Directors who are employees of Meridian are not separately compensated for serving as directors.

At its meeting on July 24, 2003, the Board adopted the Audit Committee Charter and a Code of Ethics for Meridian's officers, directors and employees. On November 10, 2005, the Board approved certain amendments for the Audit Committee Charter. The amended Audit Committee Charter was attached to the proxy statement for Meridian's 2006 Annual Shareholders Meeting. The Code of Ethics will be sent without charge to any shareholder who sends a request to Meridian's Secretary.

The independent directors plan to meet at least two times during fiscal 2007 without the presence of management directors. The independent members of the Board had one such meeting in fiscal 2006.

The directors have organized themselves into the committees described below. Each of these committees is composed entirely of non-employee directors who meet the relevant independence requirements established by Nasdaq and the Sarbanes-Oxley Act that apply to their particular assignments. Meridian does not have an Executive Committee of its Board of Directors.

***The Audit Committee*** is composed of David C. Phillips, Chairman, James A. Buzard and Robert J. Ready. It met seven times last year. Each member of the Audit Committee is independent as defined by the Nasdaq listing standards and the Securities Exchange Act of 1934. Each member is able to read and understand fundamental financial statements. David C. Phillips has been designated as the Audit Committee financial expert as that term is defined in SEC regulations.

The Committee oversees the accounting and financial reporting processes of Meridian and the audits of its financial statements by its independent registered public accounting firm. The Committee is solely responsible for the appointment, compensation, retention and oversight of Meridian's independent registered public accounting firm. The Audit Committee also evaluates information received from Meridian's independent registered public accounting firm and management to determine whether the independent registered public accounting firm is

**Table of Contents**

independent of management. The independent registered public accounting firm reports directly to the Audit Committee.

In addition, the Audit Committee has established procedures for the receipt, retention and treatment of complaints received by Meridian concerning accounting, internal accounting controls or auditing matters and has established procedures for the confidential and anonymous submission by employees of any concerns they may have regarding questionable accounting or auditing matters.

The Audit Committee, or its Chairman, approves all audit and non-audit services performed for Meridian by its independent registered public accounting firm before those services are commenced. The Chairman reports to the full Committee at each of its meetings regarding pre-approvals he made since the prior meeting and the Committee approves what he has done between meetings. For these purposes, the Committee or its Chairman is provided with information as to the nature, extent and purpose of each proposed service, as well as the approximate timeframe and proposed cost arrangements for that service.

The Committee has submitted the following report to shareholders.

**REPORT OF THE AUDIT COMMITTEE**

On April 19, 2006, the Committee met with representatives of Grant Thornton and Meridian's internal accountants and reviewed with them the proposed 2006 Audit Plan, areas warranting particular concentration on the audit and the effects of new accounting pronouncements. The Grant Thornton representatives reviewed with the Committee written disclosures required by the Independence Standards Board Standard No. 1 regarding independence of the registered public accounting firms and presented a letter regarding that matter to the Committee. The Committee discussed with Grant Thornton its independence.

At its meeting on November 14, 2006, the Committee reviewed with management, Grant Thornton and Meridian's accounting officers the results of the audit for fiscal 2006, including the audited financial statements. The Committee reviewed the requirements of its Charter previously adopted and the reports that were required to be disclosed to the Committee. The Committee discussed with Grant Thornton the matters required to be discussed by Statement on Auditing Standards No. 61.

The Committee met on November 27, 2006 to review and discuss a draft of the Form 10-K, including the audited financial statements therein. Based on their review the Committee recommended to the Board of Directors that the audited financial statements of Meridian be included in its Annual Report on Form 10-K for the year ended September 30, 2006 for filing with the Securities and Exchange Commission.

During its meetings, the Committee reviewed procedures related to the receipt, retention and treatment of any complaints concerning accounting, internal accounting controls or auditing matters. Also during its meetings, the Chairman of the Audit Committee reported to the full Committee the independent accountants' fees that had been preapproved and the Committee approved such fees. Certain fees were preapproved by the full Committee. The Committee also

reviewed the requirements of and Meridian's on-going compliance with Section 404 of the Sarbanes-Oxley Act. Respectfully submitted,

Audit Committee

David C. Phillips (Chairman)

Robert J. Ready

James A. Buzard

*The Compensation Committee* is responsible for establishing compensation for executive officers. This includes establishing salary levels and bonus plans, making bonus awards and otherwise dealing in all matters concerning compensation of the executive officers and awarding stock options for all employees. Meridian's Compensation Committee is composed of Messrs. Kreider (Chairman), Buzard, Phillips and Ready.

In determining the compensation of the Chief Executive Officer, the Committee's deliberations and voting take place without his presence. Mr. Kreider recused himself from voting on compensation issues as required to comply with the performance-based compensation exception to Section 162(m) of the Internal Revenue Code.

The Compensation Committee met two times and did not take any actions in writing during fiscal 2006.

The report of the Compensation Committee follows.

**REPORT OF THE COMPENSATION COMMITTEE**

Salaries are set on a calendar year basis and therefore salaries paid in the first three months of each fiscal year beginning October 1 are set in the prior year. A significant portion of compensation for fiscal 2006 was in the form of performance bonuses, as is noted in the Summary Compensation Table. Compensation for executive officers for fiscal 2006 was set by the Committee on November 10, 2005. In preparation for the meeting, the members reviewed charts showing the compensation paid and earned for 2005 along with management recommendations for 2006. Management suggested that salaries increase by approximately 5% for each person, with the exception of the President and Chief Operating Officer, for which there was a 10% recommendation. The materials previously supplied also discussed the potential application of the compensation deduction limitations of Section 162(m) of the Internal Revenue Code and whether it was likely that those limitations would apply to Meridian. The Committee had also been presented with a survey showing salary ranges of various levels of executives in public companies in the industry and in the Greater Cincinnati area. After discussion, the Committee adopted management's recommendations on salary increases. The Committee next considered Mr. Motto's performance, as to which it had no recommendations. The Committee determined that his compensation should be increased 10% because of his efforts in leading the Company through an outstanding year in fiscal 2005, his work on the Company's equity offering in fiscal 2005 and the acquisition of OEM Concepts, Inc. These salaries are reflected in the Summary Compensation Table.

At its November 10, 2005 meeting, the Board also considered management's recommendation for an Officers Performance Compensation Plan (2006 Plan). The 2006 Plan text had previously been sent to the Committee members. The 2006 Plan provided for the granting of bonuses as a percent of compensation if fiscal 2006 earnings reached at least \$16,100,000, which the Committee believed was a meaningful increase from the \$12,565,000 earned in fiscal 2005. The 2006 Plan provided for several steps of bonus awards if earnings increased beyond the initial level and the application of a personal achievement multiplier as recommended by management. The 2006 Plan was implemented and the bonuses awarded are reflected in the Summary Compensation Table.

At that meeting the Committee also awarded options to purchase 10,500 shares of Common Stock at an exercise price based on the current market value. Those options were exercisable for a period of ten years, but were subject to forfeiture if the earnings level in the Company's Performance Compensation Plan of \$16,950,000 was not reached. Once the earnings level was reached, the options would vest over three years from that date. Since net earnings of \$16,950,000 was reached, those options are now in effect and are reflected in the option tables presented in this proxy statement.

The Committee met on November 15, 2006 to set compensation for 2007. No members of management participated in this meeting and the only persons present were the Committee members. The Committee reviewed the compensation programs of the Company and the Company's philosophy in setting performance goals as the most important part of its overall compensation program. The Committee also had available a report submitted by the Chairman, as well as material supplied by the Company, which showed total compensation received by all executive officers from all sources in fiscal 2006 and recommendations for 2007.

The Committee reviewed bonus awards made pursuant to the 2006 Plan previously approved by the Board. The Committee noted from financial materials presented that net earnings for fiscal 2006 exceeded the highest level in the performance plan and then reviewed the personal multiplier element of the bonus award as recommended by management. The Committee made several changes to the multipliers, which increased the amount of bonus paid. The Committee received no recommendations as to the multiplier for the Chairman and CEO, but set that at the highest level being paid to several other officers based on his leadership of the Company in its outstanding year in fiscal 2006. The Committee also discussed salaries and allowances for auto and professional fees for 2007. The Committee reviewed management's recommendations calling for salary increases ranging from a high of 17% to a low of 3% for the persons identified in the Summary Compensation Table and auto and professional allowances at generally the same level as in fiscal 2006. The Committee followed these recommendations. The Committee received no recommendation as to the Chairman and CEO. The Committee set his salary at an increase of 8%, which the Committee believed was appropriate based on his leadership of the Company in fiscal 2006.

At the same meeting, the Committee established an Officers Performance Compensation Plan (the Plan) for fiscal 2007. The Plan follows the format of similar plans that have been in place for numerous years, with bonuses based upon the achievement of net earnings levels. The Plan includes six levels of net earnings targets. For fiscal 2007, the minimum net earnings level was set at a level that represents 22% growth above fiscal 2006 actual net earnings. In addition to the

**Table of Contents**

net earnings test, the bonuses are to be based on ratings of personal achievement, which are then applied to any bonuses earned. Depending on net earnings levels achieved and the application of personal achievement ratings, cash bonuses available to each individual covered by the Plan could range generally from 5% to 120% of the individual's base salary. Options were also awarded to each executive officer to purchase 10,500 shares of common stock at a price of \$24.83 per share, pursuant to the 2004 Equity Compensation Plan. These options will become void if net earnings for fiscal 2007 are less than \$23,600,000. However, if that level is reached, the options will be exercisable for a period of ten years and vest over a three year period commencing with the announcement of fiscal 2007 results. The earnings test for both the bonus and option plans excludes positive and negative effects associated with extraordinary developments as defined in the Plan, including adjustments for acquisitions and other matters.

The Committee believes that its plans will ensure that if the executive officers receive meaningful bonuses and the options granted in November 2006 vest, it will be because their efforts, individually and as a team, will have enabled Meridian to achieve significant increases in net earnings for the benefit of all shareholders.

Respectfully submitted,

Compensation Committee

Gary P. Kreider (Chairman)

James A. Buzard

David C. Phillips
