On March 9, 2007, Dana Corporation (Dana) closed the sale of its engine hard parts business under the Stock and Asset Purchase Agreement with MAHLE GmbH, dated as of December 1, 2006 (the Agreement). Pursuant to the Agreement, Dana and certain of its affiliates sold the tangible and intangible assets of Dana's engine hard parts business and the shares of a Dana affiliate involved in the business to MAHLE and certain of its affiliates for an aggregate cash payment of approximately \$97 million. Of the \$97 million cash payment, \$5 million was placed into escrow pending the satisfaction of closing conditions in Argentina and Italy, which are expected to be satisfied by the end of the second quarter of 2007, and closing conditions in India, which are expected to be satisfied by the end of 2007. In addition, approximately \$10 million was placed into escrow pending the finalization of purchase price adjustments, which is expected to be completed by the end of 2007, and \$10 million was placed into escrow for 18 months to fund certain of the sellers' indemnification obligations. In addition to the cash payment, the buyers assumed certain liabilities related to the engine hard parts business.

In connection with the sale of the engine hard parts business, the parties entered into a distribution agreement under which a MAHLE affiliate will serve as the exclusive distributor for certain of Dana's Victor Reinz® branded products in the United States and Canada for a period of 10 years and in Mexico and certain Central and South American countries for the same period once Dana's existing distribution agreements in those countries expire. The parties also entered into an agreement under which Dana and certain of its affiliates will provide certain transition services to MAHLE and certain of its affiliates for a limited period after closing. In addition, Dana employees will continue to occupy space in certain facilities sold to MAHLE for a short transition period.

Item 2.06. Material Impairments.

In connection with the sale of its engine hard parts business, Dana will record non-cash, pre-tax charges totaling \$30 million to \$35 million in 2007 to reflect the final proceeds from the transaction.
