Dear Shareholder:

With great pleasure, I have enclosed Penn-America's 2003 Annual Report to Shareholders. It details the most successful year in the company's history, by every measure, including gross written premiums, GAAP underwriting income, operating income, net income and net cash provided by operations. As you know, we shared this success with shareholders by increasing our cash dividend on our common stock two times during 2003, and in February 2004, we increased the dividend another 12% to the current annual rate of \$.24 per share.

The enclosed report continues our tradition of featuring some of the general agents and employees who are at the foundation of our success. It also reflects our continuing effort to improve our efficiency in every aspect of the business: you'll see that we have adopted the 10-K wrap format to reduce the time and costs associated with preparing this report.

I also have enclosed our Proxy Statement. It reflects changes we propose to conform with the New York Stock Exchange regulation that requires us to have a majority of *independent* directors on our board. To accomplish this, two Saltzman family members, my sister, Jami Saltzman-Levy and my brother, Tony Saltzman will not stand for re-election at the May 13 annual meeting. Both have served you well and all of us are grateful for the many contributions they have made to our success. We also have invited Martin Sheffield, CPCU, an independent financial consultant, to stand for election to the board at the annual meeting. (Mr. Sheffield served previously on our board, from May 2001 to January 2003, and we would welcome his return.) As the result of these changes, and with the tragic loss of our board member Paul Simon, we expect to reduce the total size of our board from nine to seven members.

Paul Simon's unexpected death was a great loss to our company and to our nation. Mr. Simon was best known for his distinguished service as a two-term United States Senator, a presidential aspirant, the author of 13 books and his reputation for honesty. During his tenure on our board, he served all shareholders with great skill and humor. Many of us were very close with Paul and we have been deeply saddened by his loss.

I thank you for your continued support as a shareholder. All of us at Penn-America will continue to work diligently to earn it, year after year.

Sincerely,

/s/ Jon S. Saltzman

Each Audit Committee member's compensation is based solely on that of an outside director serving on the Board and at least one committee of the Board. PROPOSAL NO. 2

APPROVAL OF AMENDMENT TO CERTIFICATE OF INCORPORATION TO INCREASE AUTHORIZED COMMON STOCK

On March 17, 2004, the Board of Directors approved an amendment to the Company's Certificate of Incorporation, as amended (the Certificate), to increase the aggregate number of authorized shares of Common Stock from 20,000,000 to 30,000,000 and directed that this amendment be submitted to shareholders for their approval at the annual meeting.

The Certificate originally authorized 10,000,000 shares of Common Stock. As approved by shareholders on May 12, 1997, the Certificate was amended June 12, 1997 to reflect authorization of 20,000,000 shares of Common Stock. As of March 15, 2004, 14,765,052 of the 20,000,000 shares were issued and outstanding; 241,365 were reserved for issuance under the Company's General Agent Contingent Commission Plan; 553,795 were reserved for issuance under the Company's 2002 Stock Incentive Plan; and, 622,042 were reserved pursuant to outstanding option grants. Thus, only 3,817,746 additional shares are authorized and available for issuance. The Board of

6

Directors is concerned that there is not presently authorized a sufficient number of shares of Common Stock to give the Company the flexibility it needs in today's competitive, fast changing environment.

Although there are no such present agreements, understandings and/or plans for the issuance of any of the additional shares that would be authorized by the Amendment, the Board considers it desirable that the Company have a reasonable amount of Common Stock available for issuance for possible stock offerings, stock dividends, stock splits, employee benefit plans, corporate mergers, acquisitions of property, or other corporate purposes. Having additional shares available for issuance, without the expense and delay of obtaining the approval of shareholders at a special meeting, will afford the Company greater flexibility. The issuance of shares authorized by the Amendment may, among other things, have a dilutive effect on earnings per share and on the equity and voting power of existing holders of Common Stock.

There are no preemptive rights with respect to the Common Stock. The additional authorized shares of Common Stock would have the identical powers, preferences and rights as the shares now authorized. If the Amendment is approved by the shareholders, it will become effective upon executing, acknowledging, filing and recording a Certificate of Amendment required by the General Corporation Law of Pennsylvania.

If approved, the text of the first paragraph of Article 3 of the Certificate would read in its entirety as follows:

3: The total number of shares of stock which the corporation shall have the authority to issue is thirty million (30,000,000) shares of Common Stock, having a par value of \$0.01 per share.

REPORT OF THE COMPENSATION COMMITTEE

I. Introduction

The Compensation Committee² and the Board of Directors of the Company adopted a written charter setting out the specific responsibilities of this Committee. The Compensation Committee's charter can be found on the Company's web site at <http://www.penn-america.com/CorpGovernance/CorpGov.asp>.

The Compensation Committee is charged generally with reviewing, developing, implementing and recommending the appropriate base salary of the President and CEO and with recommending appropriate short-term cash compensation and long-term equity compensation for all other executives and employees. The Compensation Committee bases its compensation recommendations upon information derived from multiple sources including company personnel, recommendations of management, outside compensation consultants and industry surveys. The Compensation Committee believes that consideration of these diverse sources of information helps to create a balanced and appropriate compensation program.

The Compensation Committee has established an overall compensation program to attract, retain and motivate employees and to enhance their incentive to perform at the highest levels and contribute significantly to the Company's success. In establishing compensation, the Compensation Committee considers various factors including the personal performance of the employees, the attainment of certain financial goals and the need to attract, retain and motivate employees. In August of 2003, the Company retained the services of Watson Wyatt Worldwide (Watson Wyatt), an outside compensation consultant, to review the Company's longer-term equity compensation.

II. Base Salaries

The Compensation Committee does not actively participate in setting employee salaries. In determining appropriate compensation levels for the Company's President and CEO, however, the Compensation Committee reviewed compensation data provided by outside compensation consultants of companies in a peer group deemed appropriate by the Compensation Committee. Peer group companies for purposes of establishing compensation levels were not necessarily the same companies as those included in the performance graph utilized to evaluate the performance of the Company's stock.

Consistent with advice received from outside compensation consultants, the Compensation Committee generally sets its competitive salaries in the range between the median level and the 75th percentile of those companies it surveys. The base salary of the President and CEO was initially determined by evaluating the responsibilities of the position held and the experience and performance of the individual, with reference to the competitive marketplace for

executive talent.

Mr. Jon Saltzman's compensation was determined by the Compensation Committee in light of the factors set forth above. His total compensation was compared with compensation packages within the industry. In determining Mr. Saltzman's base salary in 2004, the Compensation Committee evaluated his personal and Company performance on both a qualitative and quantitative level. Based on the financial results of the Company in 2003, as well as the Committee's position to maintain salaries between the median level and the 75th percentile, Mr. Saltzman's base salary was increased to \$450,000 effective January 1, 2004.

² Formerly known as the Compensation and Stock Option Committee, this Committee was renamed the Compensation Committee on February 26, 2004 in order to more accurately reflect the broader range of compensation with which this Committee deals.

10

III. Short-Term and Long-Term Equity Compensation

In order to attract, retain and motivate employees, the Compensation Committee has established a combination of short-term and long-term compensation. Generally, short-term compensation, in the form of annual cash bonuses, and long-term compensation, in the form of restricted stock grants or non-qualified stock options, are awarded and determined pursuant to three compensation plans.

A. Key Employee Incentive Plan

The Company's Key Employee Incentive Compensation Plan currently applies to approximately twenty-five (25) executive officers and key employees and is designed as an incentive to encourage these individuals to excel in their performance individually and collectively to the benefit of shareholders and the Company. The Plan is simple and predictable, yet provides significant overall monetary incentives. Under this Plan, short-term cash compensation may be awarded if the Company achieves a pre-determined level of GAAP underwriting income, before taxes.

In January of 2004, the executive officers and key employees received annual cash bonuses ranging from 18% to 50% of their annualized salary as of December 31, 2003, based upon the achievement of predetermined GAAP underwriting income, before taxes, for the year ended December 31, 2003. In addition, the Compensation Committee authorized a discretionary cash bonus pool of \$120,000 to be used by the President and CEO to provide additional cash bonus awards to selected executive officers and key employees. For 2004 (payable 2005), the Compensation Committee has approved continuance of the Key Employee Incentive Plan to each eligible executive officer and key employee, assuming the Company's achievement of a pre-determined Company GAAP underwriting income, before taxes, for the year ended December 31, 2004.

B. Employee Bonus Plan

While the Compensation Committee is not charged with establishing salaries and cash bonuses awarded to employees, the Compensation Committee is responsible for establishing employee bonuses to the extent that any such bonus includes non-qualified stock options or restricted stock awards. While previous annual employee bonus plans

provided for the award of both cash and non-qualified stock options as a bonus to employees, effective January 1, 2002, non-qualified stock options were removed from the Employee Bonus Plan. Thus, cash bonuses for Company performance in 2003 were awarded and paid in January of 2004, and the Company plans on providing for cash bonuses in 2004 (payable 2005).

C. 2002 Stock Incentive Plan

Under the Company's 2002 Stock Incentive Plan, non-qualified stock options and restricted shares of common stock may be granted to executive officers, employees (including employees who are members of the Board of Directors), consultants, advisors and/or independent, outside directors. The size of any stock option or restricted stock award can be based on Company and/or individual performance and the individual's responsibilities and position with the Company. Awards of restricted stock are not discounted and options are generally to be granted with exercise prices equal to the fair market value of the Company's common stock on the date of grant. The vesting of either restricted common stock or non-qualified stock options is subject to the discretion of the Compensation Committee; but generally such vesting occurs over a period of one to five years, unless there is a change in control in which event the vesting and exercise periods accelerate. See Section IV, below.

In 2003, the Committee recommended and the Board authorized an award of 5,000 shares of restricted stock to Richard W. Slomiany, Vice President, Claims, and an award of 2,000 shares of restricted stock to Bridget A. Carducci, Assistant Vice President, Underwriting Administration, as incentives for them to join the Company. These shares vest annually over five (5) years. The Compensation Committee did not grant any other restricted stock or non-qualified stock options to executive officers and key employees in 2003. The Compensation Committee is currently reviewing alternatives suggested by Watson Wyatt, but has not yet concluded its analysis of appropriate longer-term equity compensation for the Company's executive officers and key employees.

11

In May of 2003, the Board authorized a grant of 5,000 non-qualified stock options to the independent directors as part of their annual compensation for serving on the Board and at least one committee. In August of 2003, the Compensation Committee retained the services of Watson Wyatt to conduct a review of appropriate forms and levels of longer-term equity compensation for key employees and independent directors. In January of 2004, Watson Wyatt issued its reports. As set forth in Compensation of Directors below, on February 26, 2004 the Compensation Committee recommended and the Board approved certain compensation payable in May of each calendar year (commencing May 2004) to each of the Company's independent directors, in the form of cash compensation and an award of 2,000 shares of restricted common stock. The restricted stock will vest over two years; and each independent director is required to own in any one calendar year not less than 2,000 shares of the Company's Common Stock.

IV. Executive Change-In-Control/Employment Continuation Agreements

In 2002, as an incentive to certain executive officers to remain in the employ of the Company in the event of a change in control, the Compensation Committee authorized the issuance of executive change in control/employment continuation agreements (hereinafter referred to as employment continuation agreements). Effective January 1, 2003, the Company maintains employment continuation agreements with Messrs. Jon S. Saltzman, Joseph F. Morris, J. Ransley Lennon, John D. Curry, and Brian J. Riley, and Ms. Garland P. Pezzuolo. Effective May 1, 2003, the date on which he commenced employment with the Company, the Company maintains an employment continuation agreement with Richard W. Slomiany. Under the agreements, the Company provides a multiple of between one to two times the employee's then current annualized base salary as stay pay, to be distributed in full at the time of the change in control or proposed change in control (as defined below); and the executives agree to remain in the employ of the Company following the date of the announcement of such change of control or proposed change in control.

The employment continuation agreements further provide that if the key executive's employment is terminated for reasons other than death, disability, voluntary termination (except for voluntary termination for good reason as defined in the agreements), or other than for cause (as defined in the Agreements), upon or within the twelve (12) month period immediately following a change in control, or after a potential change in control and prior to the occurrence of a change in control if a change in control occurs within twelve (12) months of such termination of employment, then the Company will pay the key executives (i) a severance amount equal to a multiple of between one and two times the key executive's then current annualized base salary, to be paid eighty (80%) percent upon the occurrence of the change in control or proposed change in control and twenty (20%) percent upon the one-year anniversary of the date of the change in control, and (ii) medical and dental benefits for twelve (12) months following the date of termination.

As defined in the employment continuation agreements, "change of control" means:

a transaction or series of transactions (including any cash tender or securities exchange offer, merger or other business combination, or contested election of directors, or any combination thereof) as the result of which:

(i) any Person (other than Penn Independent or any of its shareholders as of the date of this Agreement, the Corporation, any Subsidiary of the Corporation, any employee benefit plan of Penn Independent, the Corporation or of any Subsidiary of the Corporation, any Person or entity organized, appointed or established by the Corporation for or pursuant to the terms of any such employee benefit plan or Employee or any Affiliate or Associate of Employee or any group of which Employee is a member and in which he participates in his capacity as a shareholder of the Corporation) together with all Affiliates and Associates of such Person, shall become the Beneficial Owner of a percentage ownership in the aggregate combined voting power of all Voting Securities of the Corporation then outstanding that is greater than the then current percentage ownership of Penn Independent in the aggregate combined voting powers of all Voting Securities of the Corporation then outstanding; or

(ii) any Person (other than Penn Independent or any of its shareholders as of the date of this Agreement, the Corporation, any Subsidiary of the Corporation, any employee benefit plan of Penn Independent, the Corporation or of any Subsidiary of the Corporation, any Person or entity organized, appointed or established by the Corporation for or pursuant to the terms of any such

employee benefit plan or Employee or any Affiliate or Associate of Employee or any group of which Employee is a member and in which he participates in his capacity as a shareholder of the Corporation) together with all Affiliates and Associates of such Person, shall become the Beneficial Owner of 30% or more of the aggregate combined voting power of all Voting Securities of the Corporation then outstanding, irrespective of Penn Independent's then current percentage ownership in such Voting Securities; provided that during any period of two consecutive calendar years there is a change of 25% or more in the composition of the Board in office at the beginning of such period, except for changes approved by at least two-thirds of the directors then in office who were directors at the beginning of the period; or

(iii) any Person (other than Penn Independent or any of its shareholders as of the date of this Agreement, the Corporation, any Subsidiary of the Corporation, any employee benefit plan of Penn Independent, the Corporation or of any Subsidiary of the Corporation, any Person or entity organized, appointed or established by the Corporation for or pursuant to the terms of any such employee benefit plan or Employee or any Affiliate or Associate of Employee or any group of which Employee is a member and in which he participates in his capacity as a shareholder of the Corporation) together with all Affiliates and Associates of such Person, shall

become the Beneficial Owner of greater than 50% of the aggregate combined voting power of all Voting Securities of Penn Independent; or

(iv) during any period of two consecutive calendar years there is a change of 25% or more in the composition of the Board in office at the beginning of such period except for changes approved by at least two-thirds of the directors then in office who were directors at the beginning of the period; or

(v) 80% or more of the assets of the Corporation and its Subsidiaries shall be sold or transferred to any Person (other than an Affiliate of the Corporation); or

(vi) the Board makes a determination that such transaction or transactions constitute a Change of Control for purposes of this individual Agreement; provided, however, that the Board shall make such determination in its sole and absolute discretion and need not make its determination in a uniform manner with respect to the Employee as may be accorded to other employees with similar agreements.

For purposes of this Agreement, a Change of Control shall be deemed to have occurred on the date upon which any of the foregoing is consummated or becomes effective.

Under Section 280G of the Internal Revenue Code, if total compensation to any individual as a result of a change in control exceeds three times the average taxable wages over the last five years, the employee is subject to an additional 20% excise tax for the amount of compensation that exceeds the average taxable wages over the last five years. The employment continuation agreements include a provision to gross up the excise tax for each qualified individual in the event payments trigger a 280G penalty. The Company does not believe that a 280G will be incurred by any qualified individual.

V. Conclusion

The Internal Revenue Code provides that publicly held corporations may not deduct, for federal income tax purposes, non-performance based compensation for its CEO and certain other executive officers to the extent that such compensation exceeds \$1 million for the executive. The Compensation Committee intends to take such actions as are appropriate to qualify compensation paid to executives for deductibility under the Internal Revenue Code. In this regard, base salary and bonus levels are expected to remain below the \$1 million limitation in the foreseeable future. Awards of restricted stock under the Company's 2002 Stock Incentive Plan are designed to constitute performance-based compensation, which would not be included in calculating compensation for purposes of the \$1 million limitation.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

Compensation of Directors

In May of 2003, the Company paid to each of its non-employee, independent directors an annual retainer of \$25,000 for serving on the Board of Directors and at least one committee. The Company also paid all out-of-pocket expenses incurred by the Directors for attending meetings; and, pursuant to the Company's 2002 Stock Incentive Plan, granted non-qualified options to purchase 5,000 shares of the Company's Common Stock. Such options were issued at an exercise price equal to fair market value on the date of grant, become exercisable on the first anniversary of the date of grant, and are exercisable for five years from the first anniversary of the date of grant.

14

In August of 2003, the Compensation Committee retained the services of Watson Wyatt, an outside compensation consultant, to recommend as to the Company's independent directors appropriate levels of base and longer-term equity compensation. In February of 2004, after analyzing the report prepared by Watson Wyatt relative to independent director compensation, the Compensation Committee recommended and the Board authorized for payment annually commencing in May of 2004:

- (a) an annual retainer of \$30,000 for serving on the Board of Directors and at least one committee; and,
- (b) an award of 2,000 shares of restricted common stock, which vest over two years.

Each independent director is required to own in any one calendar year not less than 2,000 shares of the Company's Common Stock.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee and Board of Directors of the Company have adopted a written charter setting out the specific responsibilities of the Audit Committee. A copy of the current charter is attached to this proxy statement at Appendix 1, and can be found on the Company's website at <http://www.penn-america.com/CorpGovernance/CorpGov.asp>.

Generally, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and reporting practices of the Company. The Audit Committee's role includes focus on the qualitative aspects of financial reporting to shareholders, the Company's processes to manage business and financial risk, and compliance with significant applicable legal, ethical and regulatory requirements. The Audit Committee is also responsible for appointing and overseeing the independent auditors, approving all audit and non-audit related services, and for establishing compensation for the auditors.

The Directors who serve on the Audit Committee are all independent as prescribed by New York Stock Exchange listing standards. In addition, the Board of Directors has determined that no member of the Audit Committee has a relationship to the Company that may interfere with their independence from the Company and its management. The Board of Directors has designated Audit Committee member Richard L. Duszak as an audit committee financial expert, as that term is defined by the Securities and Exchange Commission. Each Audit Committee member's compensation is based solely on that of an outside director serving on the Board and at least one committee of the Board.

Generally, the Audit Committee meets prior to each quarterly earnings release, prior to the filing of the Company's periodic public reports, and otherwise at the time of the quarterly meetings of the Board of Directors. In fiscal year 2003, the Audit Committee held a total of 13 meetings.

On February 20, 2003, the Audit Committee authorized management to create a Disclosure Reporting Committee, comprised of the executive officers of the Company, which Committee provides information on a quarterly basis to assist the President and CEO and the Chief Financial Officer with the disclosures and certifications each are required to make in periodic public reports.

On May 1, 2003, the Audit Committee appointed PricewaterhouseCoopers LLC as the Company's independent auditors. See "Information Concerning Independent Auditors", set forth below. The Audit Committee discussed with the independent auditors the overall scope and plans for their audit. The Audit Committee periodically met with the independent auditors, at least quarterly, with and without management present, to discuss the results of their examination, the critical accounting policies of the Company, and the overall quality of the Company's accounting principles, accounting estimates and financial reporting.

On August 28, 2003, the Audit Committee adopted accounting inquiry procedures for use by employees and others desiring to communicate to the Audit Committee, anonymously or otherwise, accounting, internal accounting control and/or auditing concerns. A copy of the Accounting Inquiry Procedures may be found on the Company's web site at <http://www.penn-america.com/CorpGovernance/CorpGov.asp>.

15

In fulfilling its oversight responsibilities relative to the Company's financial reporting processes, the Audit Committee reviewed the audited financial statements with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee reviewed with the independent auditors all critical accounting policies used by the Company, as well as their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under the Statement on Auditing Standards No. 61 (Communication with Audit Committee). The Audit Committee also received from and discussed with the independent auditors the written disclosure required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) relating to that firm's independence from the Company and evaluated and concluded that no officer, director or employee of the Company was at any time in 2003 employed with the independent auditors prior to working for the Company. Finally, the Audit Committee discussed with the independent auditors any matters required to be discussed and considered the compatibility of non-audit services with the auditors' independence.

Management is responsible for the Company's financial reporting process including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The Company's independent auditors are responsible for auditing those financial statements. The Audit Committee's responsibility is to oversee these processes. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews or procedures. Therefore, the Audit Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and on the representations of the independent auditors included in their report on the Company's financial statements. Furthermore, the Audit Committee's considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with accounting principles generally accepted in the United States or that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the Securities and Exchange Commission.

REPORT OF THE NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

The Nominating and Corporate Governance Committee and the Board of Directors of the Company adopted a written charter setting forth the specific responsibilities of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee's charter can be found on the Company's web site at <http://www.penn-america.com/CorpGovernance/CorpGov.asp> and is attached to this proxy statement as Appendix 2.

Generally, the Nominating and Corporate Governance Committee reviews the size and composition of the Board of Directors, recommends nominees to serve on the Board of Directors and its committees, oversees the evaluation of the Board of Directors, its committees (including itself) and management, oversees the corporate governance of the Company, and advises the Board of Directors and its committees on effective management and leadership.

In carrying out its responsibilities for nomination of directors, the Nominating and Corporate Governance Committee considers candidates recommended by other directors, employees and shareholders. Written suggestions for candidates to serve as directors, if nominated and elected, should be sent to the President of the Company at 420 S. York Road, Hatboro, PA 19040. The Company's bylaws require that written notice of the intent to make a nomination at a meeting of shareholders must be received by the President of the Company (a) with respect to an election to be held at an annual meeting, not less than 60 days nor more than 90 days prior to the anniversary date of the immediately preceding Annual Meeting of Shareholders, and (b) with respect to an election to be held at a

special meeting or in the case of an annual meeting that is called for a date that is not within 30 days before or after the anniversary date of the immediately preceding annual meeting, not later than the close of business on the tenth day following the day on which notice of the date of the meeting is given to shareholders. The notice must contain (1) the name and address of the shareholder who intends to make the nomination(s) and of the person or persons to be nominated; (2) a representation that the shareholder is a holder of record of shares of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (3) a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder; (4) such other information regarding each nominee proposed by such shareholder as would have been required to be included in the proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had each nominee been nominated, or intended to be nominated, by the Board of Directors; and (5) the consent of each nominee to serve as a director of the Company, if so elected.

The Nominating and Corporate Governance Committee has determined that the requisite skills and characteristics to be found in individuals qualified to serve as members of the Board of Directors include knowledge of the Company and the markets in which the Company operates, exemplary leadership skills and ethics and an ability to lead and develop corporate culture. Nominees to the Board of Directors must consist of individuals from diverse educational and professional experiences and backgrounds who, collectively, provide meaningful counsel to management. The Nominating and Corporate Governance Committee utilized these criteria in its recommendation to the Board of Mr. Sheffield, the only new director nominee. Mr. Sheffield was recommended as a potential nominee by Mr. Richard Duszak. The Nominating and Corporate Governance Committee also recommended to the Board of Directors that the number of directors be reduced to seven (from nine) in order to comply with New York Stock

Exchange Listing Standards requiring that a majority of a board of directors of a listed company be independent as defined in such listing standards. Thus, Jami Saltzman-Levy and E. Anthony Saltzman voluntarily agreed not to stand for re-election for the Board of Directors so that the Company can be in compliance with such listing standards.

In carrying out its responsibilities for corporate governance, the Nominating and Corporate Governance Committee and the Board of Directors adopted formal Corporate Governance Guidelines, a Code of Conduct and Ethics for the Chief Executive Officer and Senior Financial Personnel, a Code of Conduct and Ethics for all Officers, Directors and Employees, and charters for the Compensation and Nominating and Corporate Governance Committees. Copies of these governance documents may be found either attached hereto or as part of the Company's web site at <http://www.penn-america.com/CorpGovernance/CorpGov.asp>.

The lease is for a term of five years and the Company has one five-year renewal option thereafter. The current rent is \$357,000 per year, based on a price of \$15.25 per square foot. Included in the square footage charge is the Company's share of costs for insurance, real estate taxes, housekeeping, HVAC, energy management, snow removal/landscaping, utilities, pest

control, transformer maintenance, bathroom maintenance, plant maintenance, phone/voice mail system maintenance and smoke/fire monitoring. The Company is required to pay its pro rata share of all increases in the base year of taxes, fees, assessments and expenses on the entire office facility. As of March 31, 2004, \$97,000 was charged, representing a pro rata share increase in operational expenses for the 2000 through 2003 annual lease terms. Management believes that the amount being paid by the Company under the lease represents a fair market value annual rental charge.

Affiliated Insurance Entities

Several affiliated companies of Penn Independent are insurance agencies that write business with Penn-America. During the year ended December 31, 2003, the business written by these agencies for Penn-America represented 3.0% (\$8,851,000) of the business of Penn-America. As of December 31, 2003, total commissions paid to these agencies were \$1,875,000 and balances receivable were \$549,000. Mr. E. Anthony Saltzman, Sr. Vice President and Manager of DVUA, is currently a Director of the Company, but is not standing for re-election. Penn-America believes that its arrangements with these agencies are on terms no more favorable than they would otherwise be if these agencies were unaffiliated third parties.

Executive Loans

In 2000 and 2001, the Board of Directors of Penn-America and the Company authorized Penn-America to issue to certain executives loans towards the purchase of the Company's common stock. Under the terms of the loans, the executives are required to repay principal, brokerage commissions, transaction costs and interest, calculated semi-annually, within five (5) years from the date of the loan. On default, the Company has recourse against the defaulting executive. These loans are forgiven in the event of a change in control, as defined in the loan agreements. This program was formally terminated by order of the Board on August 21, 2002. No executive officer has since entered into any loan(s) with Penn-America.

The Company has entered into loans with the Company's President and CEO and those named executive officers listed on page 8, as follows:

Name	Total Loan Amount	Weighted Average Interest Rate	Number of Shares Acquired
Jon S. Saltzman	\$359,072	6.16%	71,250
Joseph F. Morris	55,845	5.07	9,000
J. Ransley Lennon	97,943	6.20	16,500
Garland P. Pezzuolo	35,511	5.61	6,000
Total:	\$548,371	6.02%	102,750

Agreements with Penn Independent Corporation

Penn-America receives services from executives, staff and administrative personnel of Penn Independent, including services in connection with human resource administration and facilities management. In 2003, Penn-America was charged \$220,000 for such services.

The Company believes that the terms of those certain transactions described above are at least as favorable as those that might have been obtained from unaffiliated third parties.

INFORMATION CONCERNING INDEPENDENT AUDITORS

As previously disclosed, on May 1, 2003, the Audit Committee of the Board of Directors met and decided to dismiss Ernst & Young LLP (E&Y) as the Company s independent auditors. Simultaneously, the Audit Committee appointed PricewaterhouseCoopers LLP (PwC) as the Company s independent auditor for 2003 and retained E&Y as the Company s consulting actuary.

E&Y s report on the Company s consolidated financial statements as of and for the years ended December 31, 2002 and 2001 did not contain an adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles.

There have been no disagreements (as that term is defined in Item 304(a) (1) (iv) of Regulation S-K) between the Company and E&Y during the Company s two (2) fiscal years ended December 31, 2002 and through April 30, 2003 on any matter of accounting principles or practices, financial statement disclosures, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of E&Y, would have caused them to make reference to the subject matter of the disagreement(s) in connection with their report.

There have been no reportable events (as that term is used in Item 304(a) (1) (v) of Regulation S-K) during the Company s two (2) fiscal years ended December 31, 2002 and through April 30, 2003.

During the two (2) fiscal years ended December 31, 2002 and through April 30, 2003, the Company did not consult PwC with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company s consolidated financial statements, or any other matters or reportable events listed in Items 304(a) (2) (i) and (ii) of Regulation S-K.

The Company provided E&Y with a copy of the foregoing disclosures required by Item 304(a) of Regulation S-K, as contained in the Company s report on Form 8-K filed with the Securities and Exchange Commission on May 6, 2003. E&Y furnished the Company with a letter addressed to the SEC responding to the Company s disclosures, which was filed as Exhibit 16.1 to the Company s report on Form 8-K.

On May 1, 2003, management, on behalf of the Audit Committee of the Board of Directors, notified PwC that the Audit Committee had engaged them as the Company s independent auditors effective May 1, 2003. The Company authorized E&Y to respond fully to any inquiries of PwC.

The Audit Committee is currently evaluating the retention of PwC as the Company s auditors for calendar year 2004. Representatives of PwC, as auditors for December 31, 2003, are expected to be present at the Meeting and will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Independent Auditor Fee Information

As required by its own policies and procedures, the Audit Committee approved and authorized for payment, in advance, all services (audit and non-audit related) provided by our independent auditors. PwC replaced E&Y as the Company s independent auditors on May 1, 2003. Fees for professional services provided by the Company s independent auditors in each of the last two fiscal years were as follows:

Year ended December 31,	
2003	2002

	PwC	E&Y	Total	E&Y
Audit fees (1)	\$109,000	\$29,000	\$138,000	\$100,000
Audit related fees (2)	--	--	--	144,000
Tax fees (3)	16,000	--	16,000	--
All other fees (4)	--	--	--	53,000
Total	\$125,000	\$29,000	\$154,000	\$297,000

(1) Fees for audit services include fees relate to the annual audit of the Company s consolidated financial statements, the quarterly reviews of the Company s reports on Form 10-Q and the annual statutory audits of the Company s insurance subsidiaries.

(2) Audit related fees relate to the registration statements filed by the Company in 2002.

(3) Tax fees relate to completing the Company s consolidated federal income tax return.

(4) All other fees relate to actuarial services. In August of 2003, the Company s consulting actuary left E&Y for Huggins Actuarial Services, Inc., which the Audit Committee subsequently appointed to serve as the Company s consulting actuary for the year ended December 31, 2003. In 2003, the Company paid to Huggins Actuarial Services, Inc. \$51,000.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company s officers and directors, and persons who own more than 10% of the Company s Common Stock (collectively, the Reporting Persons), to file reports of ownership and changes in ownership with the Securities and Exchange Commission and to furnish the Company with copies of these reports. In November of 2003, Director M. Moshe Porat filed with the SEC a Form 4 disclosing his sale of 3,000 shares of Company common stock on August 27, 2003 and 3,000 shares of Company common stock on September 5, 2003, for which he failed to file timely reports of change in ownership with the SEC. Based on the reports received by it, and written representations received from the Reporting Persons, the Company believes that all other filings required to be made by the Reporting Persons for the period January 1, 2003 through December 31, 2003 were made on a timely basis.

SHAREHOLDER PROPOSALS

- (6) Conduct or authorize investigations into any matters within the Committee's scope of responsibilities. The Committee shall be empowered to retain independent counsel and other professionals to assist in the conduct of any such investigation.

22

- (2) Meet separately with management and with the independent auditors;
- (3) Report to the Board of Directors.

C. Annually:

- (1) Retain and/or terminate and establish compensation for independent auditors;
- (2) Assure the independence of the independent auditor by, among other things, having the independent auditor submit on a periodic basis to the Audit Committee a formal written statement addressing the auditor's independence. The Audit Committee shall engage in dialogue with the outside auditor with respect to any matter that might impact the objectivity or independence of the outside auditor;
- (3) Review with the independent auditor the coordination of audit efforts to assure completeness of coverage, reduction of redundant efforts and the effective use of audit resources;
- (4) Consider, in consultation with the independent auditor, the audit scope and plan of the independent auditor;

IV. Specific Duties:

The Audit Committee further agrees to:

A. Periodically:

 - (c) Material issues raised as a result of inquiry by any government or regulatory body, within the preceding five (5) years, relative to audits;
 - (d) All relationships between the independent auditor and the Company;
- (2) Consider and review with management and the independent auditor:
 - (a) Significant findings, including the Status of Previous Audit Recommendations;

- (b) Any difficulties encountered in the course of audit work, including any restrictions on the scope of activities or access to required information. Meet periodically with the independent auditor and management in separate sessions to discuss any matters that the Committee or these groups believe should be discussed privately with the Committee;
- (c) Annual and quarterly audited financials, including MD&A;
- (d) Earnings releases and financial information and earnings guidance to analysts;
- (e) Policies with respect to risk assessment and management;
- (3) Report to the Board on significant results of the foregoing analyses;
- (4) Inquire of management and the independent auditor about significant risks or exposures and assess the steps management has taken to minimize such risk to the Company and related entities;
- (5) Provide that financial management and the independent auditor discuss with the Audit Committee their qualitative judgments about the appropriateness, not just the acceptability, of accounting principles and financial disclosure practices used or proposed to be adopted by the Company;
- (6) Inquire as to the auditor's independent qualitative judgments about the clarity of the financial disclosure practices used or proposed to be adopted by the Company;
- (7) Discuss on a timely basis with the auditor their review of the Company's quarterly financial information and results thereof;

- (8) Inquire as to the auditor's views about whether management's choices of accounting principles are common practices or in the minority;
- (9) Determine as regards to new transactions or events, management's reasoning for the appropriateness of the accounting principles and disclosure practices, and seek the advice of the auditors, if appropriate;
- (10) Assure that the auditor's reasoning is described in determining the appropriateness of changes in accounting principles and disclosure practices;
- (11) Assure that the auditor's reasoning is described in accepting or questioning significant estimates by management.

C. Annually:

- (1) Review with management and the independent auditor the results of annual audits and related comments in consultation with committees as deemed appropriate including:

 - (c) Any difficulties or disputes with management encountered during the course of the audit.
 - (d) Other matters related to the conduct of the audit, which are to be communicated to the Audit Committee under Generally Accepted Auditing Standards.

The Audit Committee is responsible for the duties set forth above, but is not responsible for either the preparation of the financial statements or the auditing of the financial statements. Management has the responsibility for preparing the financial statements and implementing internal controls and the independent accountants have the responsibility for auditing the financial statements and monitoring the effectiveness of the internal controls. The review of the financial statements by the Audit Committee is not of the same quality as the audit performed by the independent accountants. In carrying out its responsibilities, the Audit Committee believes its policies and procedures should remain flexible in order to best react to a changing environment.
