Item 5.02 Departure of Directors or Principal Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Effective July 1, 2009, CIGNA Corporation (the "Company") will freeze the CIGNA Pension Plan, the Company's defined benefit pension. Employees will not earn any new benefits under the CIGNA Pension Plan after this date. In connection with the freezing of the CIGNA Pension Plan, on May 8, 2009, the Company approved a freeze of the CIGNA Supplemental Pension Plan (the "Supplemental Plan"). Effective as of July 1, 2009, all future benefit accruals under the Supplemental Plan will automatically cease for all participants. The accrued benefits under the Supplemental Plan as well as the CIGNA Pension Plan will be determined and frozen based on eligible earnings through that date. These changes to the Supplemental Plan and the CIGNA Pension Plan will not affect benefits earned by participants prior to July 1, 2009. The Company's executive officers, including the named executive officers, currently participate in the CIGNA Pension Plan and the Supplemental Plan.

By freezing the CIGNA Pension Plan and the Supplemental Plan effective July 1, 2009, the Company estimates it will benefit from a one-time special item of \$39 million, pre-tax, as well as savings of approximately \$40 million, pre-tax, in 2009. The 2009 estimated savings resulting from these actions were included in the Company's consolidated adjusted income from operations estimates for full year 2009, discussed in the Company's first quarter 2009 earnings release.

Item 8.01 Other Events

On May 4, 2009, the Company entered into an Underwriting Agreement (the "Underwriting Agreement"), by and among the Company and Citigroup Global Markets Inc., J.P. Morgan Securities Inc., and UBS Securities LLC, as representatives of the underwriters named in Schedule I thereto, with respect to the issuance and sale by the Company of \$350,000,000 aggregate principal amount of 8.50% Senior Notes due 2019 (the "Notes"). The Notes were sold pursuant to an effective shelf registration statement on Form S-3, File No. 333-136704. A copy of the Underwriting Agreement is filed as Exhibit 99.1 hereto.

The terms of the Notes are governed by a Senior Indenture, dated as of August 16, 2006, between the Company and U.S. Bank National Association, as trustee, as amended by Supplemental Indenture No. 3 thereto, dated as of March 7, 2008 (as amended, the "Base Indenture"), and as supplemented by Supplemental Indenture No. 4 to the Base Indenture, dated as of May 7, 2009 (the "Supplemental Indenture"). The Supplemental Indenture with respect to the Notes (including the form of the Note) is filed as Exhibit 99.2 hereto.

Item 9.01 Financial Statements and Exhibits

(d) Exhibits.

99.1 Underwriting Agreement, dated as of May 7, 2009, among CIGNA Corporation and Citigroup Global Markets Inc., J.P. Morgan Securities Inc., and UBS Securities LLC, as representatives of the underwriters named therein.

99.2 Supplemental Indenture No. 4, dated as of May 7, 2009 between the CIGNA Corporation and U.S. Bank National Association, as trustee.

CAUTIONARY STATEMENT FOR PURPOSES OF THE "SAFE HARBOR" PROVISIONS OF THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

The Company and its representatives may from time to time make written and oral forward-looking statements, including statements contained in press releases, in the Company's filings with the Securities and Exchange Commission, in its reports to shareholders and in meetings with analysts and investors. Forward-looking statements may contain information about financial prospects, economic conditions, trends and other uncertainties. These forward-looking statements are based on management's beliefs and assumptions and on information available to management at the time the statements are or were made. Forward-looking statements include but are not limited to the information concerning possible or assumed future business strategies, financing plans, competitive position, potential growth opportunities, potential operating performance improvements, trends and, in particular, the Company's productivity initiatives, litigation and other legal matters, operational improvement in the health care operations, and the outlook for the Company's full year 2009 results. Forward-looking statements include all statements that are not historical facts and can be identified by the use of forward-looking terminology such as the words "believe", "expect", "plan", "intend", "anticipate", "estimate", "predict", "potential", "may", "should" or similar expressions.

You should not place undue reliance on these forward-looking statements. The Company cautions that actual results could differ materially from those that management expects, depending on the outcome of certain factors. Some factors that could cause actual results to differ materially from the forward-looking statements include:

1. increased medical costs that are higher than anticipated in establishing premium rates in the Company's health care operations, including increased use and costs of medical services;
2. increased medical, administrative, technology or other costs resulting from new legislative and regulatory requirements imposed on the Company's employee benefits businesses;
3. challenges and risks associated with implementing operational improvement initiatives and strategic actions in the ongoing business operations, including those related to: (i) offering products that meet emerging market needs, (ii) strengthening underwriting and pricing effectiveness, (iii) strengthening medical cost and medical membership results, (iv) delivering quality member and provider service using effective technology solutions, (v) lowering administrative costs, and (vi) transitioning to an integrated operating company model, including operating efficiencies related to the transition;
4. risks associated with pending and potential state and federal class action lawsuits, disputes regarding reinsurance arrangements, other litigation and regulatory actions challenging the Company's businesses, government investigations and proceedings, and tax audits;
5. heightened competition, particularly price competition, which could reduce product margins and constrain growth in the Company's businesses, primarily the health care business;
6. risks associated with the Company's mail order pharmacy business which, among other things, includes any potential operational deficiencies or service issues as well as loss or suspension of state pharmacy licenses;
7. significant changes in interest rates for a sustained period of time;
8. downgrades in the financial strength ratings of the Company's insurance subsidiaries, which could, among other things, adversely affect new sales and retention of current business;
9. limitations on the ability of the Company's insurance subsidiaries to dividend capital to the parent company as a result of downgrades in the subsidiaries' financial strength ratings, changes in statutory reserve or capital requirements or other financial constraints;
10. inability of the program adopted by the Company to substantially reduce equity market risks for reinsurance contracts that guarantee minimum death benefits under certain variable annuities (including possible market difficulties in entering into appropriate futures contracts and in matching such contracts to the underlying equity risk);
11. adjustments to the reserve assumptions (including lapse, partial surrender, mortality, interest rates and volatility) used in estimating the Company's liabilities for reinsurance contracts covering guaranteed

- minimum death benefits under certain variable annuities;
12. adjustments to the assumptions (including annuity election rates and amounts collectible from reinsurers) used in estimating the Company's assets and liabilities for guaranteed minimum income benefits under certain variable annuities;
 13. significant stock market declines, which could, among other things, result in increased expenses for guaranteed minimum income benefit contracts, guaranteed minimum death benefit contracts and pension expenses for the Company's pension plan in future periods as well as the recognition of additional pension obligations;
 14. unfavorable claims experience related to workers' compensation and personal accident exposures of the run-off reinsurance business, including losses attributable to the inability to recover claims from retrocessionaires;
 15. significant deterioration in economic conditions and significant market volatility, which could have an adverse effect on the Company's operations, investments, liquidity and access to capital markets;
 16. significant deterioration in economic conditions and significant market volatility, which could have an adverse effect on the businesses of our customers (including the amount and type of healthcare services provided to their workforce and our customers' ability to pay receivables) and our vendors (including their ability to provide services);
 17. changes in public policy and in the political environment, which could affect state and federal law, including legislative and regulatory proposals related to health care issues, which could increase cost and affect the market for the Company's health care products and services; and amendments to income tax laws, which could affect the taxation of employer provided benefits, and pension legislation, which could increase pension cost;
 18. potential public health epidemics and bio-terrorist activity, which could, among other things, cause the Company's covered medical and disability expenses, pharmacy costs and mortality experience to rise significantly, and cause operational disruption, depending on the severity of the event and number of individuals affected;
 19. risks associated with security or interruption of information systems, which could, among other things, cause operational disruption;
 20. challenges and risks associated with the successful management of the Company's outsourcing projects or key vendors, including the agreement with IBM for provision of technology infrastructure and related services;
 21. the ability to successfully integrate and operate the businesses acquired from Great-West by, among other things, renewing insurance and administrative services contracts on competitive terms, retaining and growing membership, realizing revenue, expense and other synergies, successfully leveraging the information technology platform of the acquired businesses, and retaining key personnel; and
 22. the ability of the Company to execute its growth plans by successfully managing Great-West Healthcare's outsourcing projects and leveraging the Company's capabilities and those of the business acquired from Great-West to further enhance the combined organization's network access position, underwriting effectiveness, delivery of quality member and provider service, and increased penetration of its membership base with differentiated product offerings.

This list of important factors is not intended to be exhaustive. Other sections of the Company's most recent Annual Report on Form 10-K, including the "Risk Factors" section, the Company's Form 10-Q for the quarter ended March 31, 2009 and other documents filed with the Securities and Exchange Commission include both expanded discussion of these factors and additional risk factors and uncertainties that could preclude the Company from realizing the forward-looking statements. The Company does not assume any obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.
