CORECOMM ANNOUNCES FILING OF AMENDED S-4 REGISTRATION  
STATEMENT

New York, New York (April 17, 2002) - CoreComm Limited (Nasdaq:  
COMM), and CoreComm Holdco, Inc. announced today that CoreComm Holdco had  
filed an amendment to its Form S-4 Registration Statement, which includes  
an amended exchange offer prospectus, with the SEC. Under the public  
exchange offers, CoreComm Holdco is offering its shares of common stock in  
exchange for CoreComm Limited's common stock and CoreComm Limited's 6%  
Convertible Subordinated Notes due 2006. CoreComm Holdco is the new,  
recapitalized company and the exchange offer represents an opportunity for  
existing CoreComm Limited shareholders to receive shares in CoreComm  
Holdco.

The amended filing of the exchange offer marks continued progress  
towards the completion of the final phase of the Companies' previously  
announced plan of recapitalization. The Companies closed on the  
recapitalization transactions with substantially all of the debt and  
preferred stock holders in December 2001. Approximately 65.2% of CoreComm  
Limited's outstanding shares have already been tendered in the public  
exchange offer.

The board of directors of CoreComm Limited believes that the  
public exchange offers represent the best value for CoreComm Limited's  
shareholders, and it unanimously recommends that all CoreComm Limited  
shareholders participate in the exchange offers.

If the exchange offer is not successful, CoreComm Limited may be  
delisted from the Nasdaq National Market soon. This could have an adverse  
effect on the price and liquidity of CoreComm Limited's common stock. If  
the exchange offers and related transactions are successfully completed,  
Nasdaq will transfer the listing to CoreComm Holdco, which will be the  
publicly traded company.

The companies also announced that the public exchange offers have  
been extended until midnight, May 10, 2002. Investors are encouraged to  
read the information regarding the exchange offers at the end of this  
release, which describes where you can get more information.
