The duty of the Committee is to recommend to the Board of Directors the remuneration arrangements for Kenneth K. Rieth, President and Chief Executive

Edgar Filing: RIVIERA TOOL CO - Form DEF 14A

Officer of the Company, as well as grant stock options under the Company's 1996 Incentive Stock Option Plan, as amended, and the 1998 Key Employee Stock Option Plan. The Company's Board of Directors has given Mr. Rieth the authority to set the compensation for senior management.

Officer Compensation Policy

The Company's compensation policy for executive officers is designed to support the overall objective of enhancing value for shareholders by attracting, developing, rewarding, and retaining highly qualified and productive individuals; relating compensation to both Company and individual performance; and ensuring compensation levels that are externally competitive and internally equitable.

The key elements of the Company's officer compensation consist of base salary, a formula bonus for Mr. Rieth, the Company's chief executive officer, a discretionary bonus for Mr. Canepa, the Company's Chief Financial Officer and Mr. Wood, the Company's Vice President and General Manager, as well as stock options for Messrs. Rieth, Canepa and Wood. The Compensation Committee's policies with respect to each of

9

these elements are discussed below. In addition, while the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package afforded by the Company to the individual, including insurance and other benefits.

COMPENSATION PROGRAMS

Base Salary

The Committee reviews each officer's salary annually. In determining appropriate salary levels, consideration is given to scope of responsibility, experience, Company and individual performance as well as pay practices of other companies relating to executives with similar responsibility.

In addition, with respect to the base salary of Mr. Rieth, the Compensation Committee has acknowledged the longevity of Mr. Rieth's service to the Company and its belief that Mr. Rieth is an excellent representative of the Company within the industry. Mr. Rieth's base salary was established by the Board of Directors on November 24, 2000 under a three-year employment agreement which expires on August 31, 2002. This base compensation consists of a regular payroll payment of \$165,000 per year plus an annual bonus equal to 3.5% of the Company's income from operations before such bonus expense. Messrs. Canepa and Wood received a base salary of \$140,000 and \$150,000, respectively for fiscal 2001.

Bonus Awards

The Company's officers may be considered for annual cash bonuses which are awarded to recognize and reward corporate and individual performance based on meeting specified goals and objectives. The plan in effect for fiscal 2001 for Mr. Rieth provided no such bonus to Mr. Rieth. In determining a bonus to Mr. Rieth, the Committee reviews compensation levels and financial results available to it for chief executive officers for similarly sized companies as well as those located near the Company's headquarters. Mr. Rieth recommends to the Committee Messrs. Canepa's and Wood's bonus based on his review of corporate and Messrs. Canepa's and Wood's individual performances as well as the performance bonus the management team awards to employees of the Company other than Messrs. Canepa, Wood and Rieth.

Stock Options

Edgar Filing: RIVIERA TOOL CO - Form DEF 14A

Under the Company's 1996 Incentive Stock Option Plan, as amended, stock options may be granted to the Company's key employees including Messrs. Rieth, Wood and Canepa. The number of options granted is determined by the subjective evaluation of the person's ability to influence the Company's long-term growth and profitability. In fiscal 2000, stock options were granted under such plan to Messrs. Wood and Canepa for 20,000 shares each, exercisable at \$3.75 per share. For fiscal 2001, no stock options were issued under such plan.

Under the Company's 1998 Key Employee Stock Option Plan, stock options may be granted to the Company's key employees and directors including Messrs. Rieth, Kennedy, Highley, Terpsma, Wood, and Canepa. The number of options granted is determined by the subjective evaluation of the person's ability to influence the Company's long-term growth and profitability. In fiscal 2000, stock options were granted under such plan to Mr. Rieth for 50,000 shares and 1,000 shares each for Messrs. Kennedy, Highley and Terpsma, all exercisable at \$3.75 per share. For fiscal 2001, no stock options were issued under such plan.

Stock options are granted with an exercise price equal to the market price of the Common Stock on the date of grant. Since the value of an option bears a direct relationship to the Company's stock price, it is an effective incentive for employees to create value for shareholders. The Committee therefore views stock options as an important component of its future compensation policy.
