Mr. Rubin brings extensive leadership, business, and legal experience, as well as tremendous knowledge of our business and the pharmaceutical industry generally, to the Board. He has advised pharmaceutical companies in several aspects of business, regulatory, transactional, and legal affairs for more than 24 years.

None of our current executive officers or directors are related to any other executive officer or to any of our directors. Our executive officers are elected annually by our board and serve until their successors are duly elected and qualified.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires a company's directors, officers and stockholders who beneficially own more than 10% of any class of equity securities of the company registered pursuant to Section 12 of the Exchange Act, collectively referred to herein as the Reporting Persons, to file initial statements of beneficial ownership of securities

and statements of changes in beneficial ownership of securities with respect to the company's equity securities with the SEC. All Reporting Persons are required by SEC regulation to furnish us with copies of all reports that such Reporting Persons file with the SEC pursuant to Section 16(a).

Based solely on our review of the copies of such forms received by us and upon written representations of the Reporting Persons received by us, we believe that there has been compliance with all Section 16(a) filing requirements applicable to our Reporting Persons during the fiscal year ended June 30, 2015.

Code of Business Ethics and Conduct

On March 17, 2003, our board adopted a Code of Business Ethics and Conduct, which may be found on our website at www.seviontherapeutics.com. The Code of Business Ethics and Conduct applies to the our principal executive officers, principal financial officer, principal accounting officer, and other persons who perform similar functions for Sevion, in addition to our corporate directors and employees.

Our Code of Ethics contains written standards designed to deter wrongdoing and to promote:

honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

full, fair, accurate, timely, and understandable disclosure in reports and documents filed with the SEC and in other public communications made by the Company;

compliance with applicable governmental laws, rules and regulations;

the prompt internal reporting of violations of our Code of Ethics to an appropriate person or persons identified in our Code of Ethics; and

accountability for adherence to our Code of Ethics.

Each of our employees, officers and directors completed a signed certification to document his or her understanding of and compliance with our Code of Ethics.

Audit Committee

Our Audit Committee was established in July 1999. On March 11, 2011, our board adopted an Amended and Restated Audit Committee Charter. The primary responsibilities of our Audit Committee include:

· appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm;

· overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of certain reports from our independent registered public accounting firm;

· reviewing and discussing with management and our independent registered public accounting firm our annual and quarterly financial statements and related disclosures;

· monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;

· discussing our risk management policies;

· establishing policies regarding hiring employees from our independent registered public accounting firm and procedures for the receipt and retention of accounting related complaints and concerns;

· meeting independently with our independent registered public accounting firm and management; and

· preparing the audit committee report required by SEC rules.

Our Audit Committee is currently comprised of John N. Braca and Steven Rubin. Mr. Braca currently serves as the chairman of the Audit Committee. Although we are not currently subject to audit committee independence requirements, in determining whether our Audit Committee members are independent, we use the definition of independence provided under Section 803 of the NYSE MKT Company Guide. The NYSE MKT currently requires an Audit Committee comprised solely of independent directors. Messrs. Braca and Rubin are “independent” members of our board as defined in Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and Section 803 of the NYSE MKT Company Guide. In addition, our board of directors has determined that Mr. Braca satisfies the definition of an audit committee “financial expert” as set forth in Item 407(d)(5) of Regulation S-K promulgated by the SEC. Our Audit Committee held four (4) meetings during Fiscal 2015.

Item 11. Executive Compensation.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis explains the principles underlying our compensation policies and decisions and the principal elements of compensation paid to our executive officers during Fiscal 2015 and as anticipated for Fiscal 2016. Our Chief Executive Officer, Chief Financial Officer and all of our other executive officers included in the Summary Compensation Table will be referred to as the “named executive officers” for purposes of this discussion.

Compensation Objectives and Philosophy

The Compensation Committee, also referred to herein as the Committee, of the board is responsible for the following:

- annually reviewing and approving, or recommending for approval by our board, the corporate goals and objectives relevant to executive officer compensation;

- reviewing and approving, or recommending for approval by our board, the salaries and incentive compensation of our executive officers;

- preparing the Compensation Committee report, including the Compensation Discussion and Analysis;
- administering our 2008 Incentive Compensation Plan, or similar stock plan adopted by our stockholders; and
- reviewing and making recommendations to our board with respect to director compensation.

Sevion is a clinical stage company building and developing a portfolio of innovative therapeutics, from both internal discovery and acquisition, for the treatment of cancer and immunological diseases. To achieve our strategic objectives, we have emphasized the recruitment of executives with significant industry or scientific experience. This is a very competitive industry and our success depends upon our ability to attract and retain qualified executives through competitive compensation packages. The Compensation Committee administers the compensation programs for our executive officers with this competitive environment in mind.

Pharmaceutical research, development and commercialization require sustained and focused effort over many years. As a consequence, the Compensation Committee believes our compensation program must balance long-term incentives that create rewards for the realization of our long-term strategic objectives with near term compensation that rewards employees for the achievement of annual goals that further the attainment of our long-term objectives and align the interests of our employees with those of our stockholders.

As part of this process, the Committee seeks to accomplish the following objectives with respect to our executive compensation programs:

- to motivate, recruit and retain executives capable of meeting our strategic objectives;
- to provide incentives to ensure superior executive performance and successful financial results for us; and
- to align the interests of executives with the long-term interests of our stockholders.

The Committee seeks to achieve these objectives by:

linking a substantial portion of compensation to our achievement of long-term and short-term research and development objectives and financial objectives and the individual's contribution to the attainment of those objectives;

providing long-term equity-based incentives and encouraging direct share ownership by executives with the intention of providing incentive-based compensation to encourage a long-term focus on company profitability and stockholder value; and

understanding the marketplace and establishing a compensation structure that is adjusted for our position in the marketplace and our current financial condition and limited capital resources.

Setting Executive Compensation

For Fiscal 2015, the Committee's objective was to target each component of compensation listed below to be competitive with comparable positions at peer group companies, and to target the total annual compensation of each named executive officer at the appropriate level for comparable positions at the competitive peer group companies.

Previously, the Committee engaged J. Richard and Co., also referred to herein as J. Richard, a nationally recognized compensation consulting firm, as its compensation consultant, on an as needed basis regarding its proposed programs and approaches to compensation, for which J. Richard was compensated. J. Richard did not provide any services to the Committee or Sevion for Fiscal 2015.

The Committee elected to identify various companies in the biotech sector it felt were somewhat close in scope of operation to Sevion. It became evident, as in prior years, that due to the key banner points listed above (the breadth of operations in general, executive officers scope of duties and responsibilities, position in the life cycle, financial responsibilities, capitalization and size of management staff) it is very difficult to identify such public entities for comparative purposes. For Fiscal 2015, the companies we elected to evaluate were as follows: Abeona Therapeutics (ABEO); Mast Therapeutics (MSTX); Cortex Pharmaceuticals (CORX); RXi Pharmaceuticals (RXII); Titan Pharmaceuticals (TTNP); Oxigene (OXGN); Casi Pharmaceuticals (CASI); and Silence Therapeutics (SLN). As of October 2015, the companies elected to evaluate for fiscal 2016 remain consistent. In selecting companies to survey for such compensation purposes, the Committee considered many factors not directly associated with the stock price performance of those companies, such as geographic location, development stage, organizational structure and market capitalization. For this reason, there is not a meaningful correlation between the companies included within the peer group identified for comparative compensation purposes and the companies included within the RDG Micro Biotechnology Index. Because the biotechnology industry is a dynamic industry, our comparator group is periodically updated to ensure that companies continue to meet established criteria and remain similar in scope of operation to us.

In determining the compensation of each named executive officer, the Committee also considers a number of other factors, including our recent performance and the named executive officer's individual performance, the Chief Executive Officer's recommendations and the importance of the executive's position and role in relation to execution of our strategic plan. There is no pre-established policy for allocation of compensation between cash and non-cash components or between short-term and long-term components. Instead, the Committee determines the mix of compensation for each named executive officer based on its review of the competitive data, its subjective analysis of that individual's performance and contribution to our financial performance, the financial strength and outlook of Sevion and, most of all, what is considered fair and reasonable based on the scope of operations and responsibilities of the officer. For the Chief Executive Officer, for Fiscal 2015, the Committee set his performance targets and compensation levels based upon the Committee's review and analysis of his performance and the factors described above. For other named executive officers, the Committee sets performance targets and compensation levels after taking into consideration recommendations from the Chief Executive Officer. As part of this process, the Committee considers a number of factors important to our stockholders, including ongoing concerns over the dilutive effect of option grants on our outstanding shares, the compensation expense we must take for financial accounting purposes in accordance with FASB Accounting Standards Codification Topic 718 (ASC 718, Compensation-Stock Compensation) with respect to option grants in relation to the actual value anticipated to be delivered to our executive officers from such awards, and the market volatility of our stock.

Impact of 2013 Say-on-Pay Vote: The most recent stockholder advisory vote on executive officer compensation required under the federal securities laws was held on March 28, 2013. More than 93 percent of the votes cast on such proposal were in favor of the compensation of the named executive officers, as that compensation was disclosed in the

Compensation Discussion and Analysis and the various compensation tables and narrative that appeared in the Company's proxy statement dated February 26, 2013. Based on that level of stockholder approval, the Committee decided not to make any material changes to the Corporation's compensation philosophies, policies and practices for the remainder of the 2013 fiscal year or for compensation decisions made with respect to the 2014 and 2015 fiscal year compensation of the named executive officers. However, the Committee will continue to take into account future stockholder advisory votes on executive compensation and other relevant market developments affecting executive officer compensation in order to determine whether any subsequent changes to the Corporation's executive compensation programs and policies would be warranted to reflect any stockholder concerns reflected in those advisory votes or to address market developments. Based on the voting preference of our stockholders, the frequency of future Say-on-Pay votes will be every three years. Accordingly, we are soliciting a stockholder advisory vote on executive officer compensation at this year's annual meeting.

Components of Compensation

For Fiscal 2015, our executive compensation program included the following components:

- base salary; and
- annual equity incentives.

Currently, for Fiscal 2016, our executive compensation program includes the following components:

- base salary; and
- annual equity incentives.

The Committee seeks to align the named executive officers' and stockholders' interests in a pay for performance environment. The Committee also reviews the compensation metrics of the Chief Executive Officer versus the other named executive officers. Although certain percentages and allocations may differ, the overall cash and equity compensation package of the CEO is not materially greater than the overall cash and equity compensation package of each other named executive officer. On average, a large portion of an executive officer's total compensation is at risk, with the amount actually paid tied to achievement of pre-established objectives and individual goals.

The Committee wishes to provide additional compensation to all of the named executive officers, including the Chief Executive Officer, through the development of incentive programs based on the named executives performance and attainment of stated objectives that enhance stockholder value in order to (i) link a substantial portion of their compensation to the achievement of short-term objectives and (ii) to save cash given our limited capital resources.

Base Salary

In General – It is the Committee's objective to set a competitive rate of annual base salary or consulting fees for each named executive officer. The Committee believes competitive base salaries are necessary to attract and retain top quality executives, since it is common practice for public companies to provide their executive officers with a

guaranteed annual component of compensation that is not subject to performance risk. However, the Committee recognizes that we are still a development stage company, with little to no revenue currently and believes that developing too rigid of a compensation structure can become detrimental to our progress.

When compared to comparable positions at the competitive peer group companies, it is the Committee's objective to target the base compensation level of executive officers approximately around the 50th percentile because of our current financial position. However, historically, the base compensation level for our executive officers has been below the 25th percentile of competitive peer group companies. In determining the compensation of each executive officer, the Committee also considers a number of other factors, including recent Sevion and individual performance, the officer's position and responsibilities and the CEO's recommendations (with respect to officers other than the CEO).

Base Salary for Fiscal 2015 – For Fiscal 2015, after a review of the factors discussed above, the Committee determined that it would not award salary increases to management and the named executive officer's salaries were not increased.

Base Salary for Fiscal 2016 – For Fiscal 2016, after a review of the factors discussed above, the Committee determined that it would not award salary increases to management and the named executive officer's salaries were not increased.

Annual Bonuses for Fiscal 2015 – The Committee determined, as a result of reviewing several factors, primarily because of the company's limited cash resources reserved for research and development activities, that no bonuses were or would be granted for Fiscal 2015.

Annual Bonuses for Fiscal 2016 – Bonuses will be determined at the discretion of the board after the end of the fiscal year based upon the recommendation of the Committee.

Equity Incentive Awards

In General – A portion of each named executive officer's compensation is provided in the form of equity awards. It is the Committee's belief that properly structured equity awards are an effective method of aligning the interests of our named executive officers with those of our stockholders.

Equity awards were made in the form of incentive stock options, also referred to herein as ISO's, for tax purposes. The Committee has followed a grant practice of tying equity awards to its annual year-end review of individual performance, its assessment of our performance and our operational results.

Equity Incentive Plan for Fiscal 2015 – The Committee, in coordination with our Chief Executive Officer, established our goals and objectives for Fiscal 2015, which includes the following:

Contributions relating to the development of our technology programs:

Complete the current phase 1b/2a study in multiple myeloma; and

Development plan to advance in-house antibodies to the clinic;

Contributions relating to finance objectives:

Improve the capital resources of the company; and

Regain a listing on a major stock exchange;

Contributions relating to corporate development:

Expand product portfolio;

Licensing opportunities;

Complete evaluation of agricultural portfolio;

Rebranding of company; and

Integrate business acquisitions.

The foregoing goals and objectives were generally weighted as follows: 20% for contributions relating to the development of our technology programs; 50% to contributions relating to finance objectives; and 30% to contributions relating to corporate development. However, the specific weighting varied from executive officer to executive officer, in order to reflect that officer's specific duties and responsibilities. The Committee identified additional individual performance goals and objectives for Fiscal 2015 for Drs. Browne, Smider and de los Rios and Mr. Martell. Mr. Martell's goals and objectives primarily included all of the goals for Drs. Browne, Smider and de los Rios. Dr. Browne's goals and objectives primarily included the completion of the current clinical trial for SNS01-T, additional research and formulation activities for SNS01-T, developing a follow-on clinical plan for SNS01-T and the expansion of Sevion's product portfolio. Dr. Smider's goals and objectives primarily included finalizing and executing a development plan for two in-house antibodies, advancement of corporate development activities and the expansion of Sevion's product portfolio. Dr. de los Rios's goals and objectives primarily included finalizing and executing a development plan for two in-house antibodies and engagement and management of a contract research organization to aid development of those antibodies.

In September 2014, the Committee determined to award the following options to purchase shares of our common stock to the following named executive officers in connection with the short-term goals and objectives for Fiscal 2015:

Name	Shares
Ronald A. Martell	56,364
Leslie J. Browne, Ph.D.	42,210
David Rector	-
Vaughn Smider, M.D., Ph.D.	42,210
Miguel A. de los Rios, Ph.D.	34,020

Such options were granted on November 18, 2014, which was two business days after the filing of our quarterly report on Form 10-Q for the quarter ended September 30, 2014, and have an exercise price of \$0.83, which was the closing price of the common stock on such date. The options vest on the basis of a two-step process. First, options vest based on attainment of the pre-established corporate and individual performance goals. Second, the options that are earned based on attainment of performance will vest with respect to twenty-five percent (25%) of such options on the first anniversary of the date of grant with the balance vesting at a rate of 1/36 for each month thereafter, subject to the executive officer's continued service through each applicable vesting date. No options will vest if the Committee has determined that the performance metrics have not been met.

Equity Incentive Plan for Fiscal 2016 – The Committee, in coordination with our Chief Executive Officer, is currently considering the equity grants to named executive officers in Fiscal 2016, including the establishment of goals and objectives for Fiscal 2016. No final decisions have been made at this time.

Market Timing of Equity Awards

The Compensation Committee does not engage in any market timing of the equity awards made to the executive officers or other award recipients, and accordingly, there is no established practice of timing our awards in advance of the release of favorable financial results or adjusting the award date in connection with the release of unfavorable financial developments affecting our business. In general, we will attempt, when possible, to make equity awards to our executive officers and directors promptly after the release of our financial results.

Clawback Policy

We are reviewing our current “clawback” policy which provides for recoupment of incentive compensation in certain circumstances in connection with the enactment of recent regulations in that regard and are awaiting final SEC rules and regulations in order to revise our “clawback” policy in compliance with such rules and regulations.

Analysis of Risk Associated with our Compensation Plans

In making decisions regarding compensation program design and pay levels, our Compensation Committee and senior management, working with our Audit Committee, consider many factors, including any potential risks to Sevion and our stockholders. Although a significant portion of our executives’ compensation is performance-based and “at-risk,” we believe our compensation plans are appropriately structured and are not reasonably likely to have a material adverse effect on us.

We do not believe that the performance-based nature of the executive compensation program encourages excessive risk-taking by our executive officers that would threaten our economic viability. In Fiscal 2014, the Compensation Committee’s performance milestones under the stock option grants for certain clinical objectives were focused on the achievement of specific milestones, rather than a successful outcome. The Compensation Committee believes that this strategy protects against the potential of short-term incentives to encourage excessive risk taking. In addition, long-term equity awards tied to the value of our common stock represent a significant component of an executive officer’s total direct compensation, as evidenced by the compensation breakdown contained in the Summary Compensation Table that follows. Those awards promote a commonality of interest between the executive officers and our stockholders in sustaining and increasing stockholder value. Because the equity awards are typically made on an annual basis to the executive officers, those officers always have unvested awards outstanding that could decrease significantly in value if our business is not managed to achieve its long term goals. Accordingly the overall compensation structure is not overly-weighted toward short-term incentives, and we have taken what we believe are reasonable steps to protect against the potential of disproportionately large short-term incentives that might encourage

excessive risk taking.

Executive Benefits and Perquisites

In General – The named executive officers are also provided with certain market competitive benefits, described below. It is the Committee’s belief that such benefits are necessary for us to remain competitive and to attract and retain top caliber executive officers, since such benefits are typically provided by companies in the biotechnology industry and with other companies with which we compete for executive talent.

Retirement Benefits – The named executive officers may participate in our 401(k) plans administered by Sevion and Fabrus, Sevion’s wholly-owned subsidiary.

Other Benefits and Perquisites – All administrative employees, including the named executive officers, are eligible to receive standard health, disability, and life insurance. We do not provide any additional benefits and perquisites.

Executive Compensation Agreements

Consulting Agreement

On January 9, 2015, we entered into a consulting agreement with The David Stephen Group LLC, an entity controlled by David Rector, our interim President and Chief Executive Officer, setting forth Mr. Rector’s monthly compensation amount for the provision of his services as our interim President and Chief Executive Officer, as well as certain other standard provisions, such as confidentiality and invention assignment.

IRC Section 162(m) Compliance

As a result of Section 162(m) of the Internal Revenue Code, publicly-traded companies such as us are not allowed a federal income tax deduction for compensation, paid to the Chief Executive Officer and the three other highest paid executive officers, to the extent that such compensation exceeds \$1 million per officer in any one year and does not otherwise qualify as performance-based compensation. Currently, our stock option compensation packages are structured so that compensation deemed paid to an executive officer in connection with the exercise of a stock option should qualify as performance-based compensation that is not subject to the \$1 million limitation. However, other awards, like restricted stock units (“RSUs”) that may be granted under our stock incentive plans may or may not so qualify. In establishing the cash and equity incentive compensation programs for the executive officers, it is the Committee’s view that the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason the Committee may deem it appropriate to continue to provide one or more executive officers with the opportunity to earn incentive compensation, including cash bonus programs tied to our financial performance and RSU awards, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. It is the Committee’s belief that cash and equity incentive compensation must be maintained at the requisite level to attract and retain the executive officers essential to our financial success, even if part of that compensation may not be deductible by reason of the Section 162(m) limitation.

It is important to note that as of June 30, 2015, the Company had net operating loss carryforwards for federal income tax purposes. These loss carryforwards would defer the impact of any deductions that the Company might lose under Section 162(m) for one or more of those carryforward years.

For Fiscal 2015, none of our executive officer’s compensation reached the \$1 million limitation. The Committee will continue to evaluate such \$1 million limitation in Fiscal 2016.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed the Compensation, Discussion and Analysis with management, and based on this review and these discussions, the Compensation Committee recommended to the board that the Compensation, Discussion and Analysis be included in Sevion’s Annual Report on Form 10-K/A.

* Prior year compensation data for 2014 has not been provided for Dr. de los Rios, as he was not a named executive officer until fiscal year 2015

(1) Sevion's fiscal year ends on June 30.

(2) Such amount represents actual salary paid, including such amounts deferred in connection with our 401K plan.

The amounts shown are the grant date fair value of stock options granted to each named executive officer, in accordance with FASB ASC Topic 718 pursuant to the Black-Scholes pricing model. For a discussion of valuation assumptions used in the calculations, see Notes 2 and 10 of Notes to Consolidated Financial Statements included in this prospectus. The grant date fair values used to calculate such compensation costs were not adjusted to take into account any estimated forfeitures.

(3) Amounts include severance payments in conjunction with each respective officer's separation agreement.

(4) Mr. Rector was appointed as the Company's Interim Chief Executive Officer on January 9, 2015 and is a consultant of the Company.

(5) Mr. Martell was appointed as the Company's Chief Executive Officer from June 25, 2014 to January 8, 2015. In conjunction with his resignation, all his outstanding options granted were forfeited.

(6) Dr. Browne was the Company's Chief Executive Officer from May 25, 2010 through May 16, 2014 and served as President through November 30, 2014. In conjunction with the Retention Agreement dated May 16, 2014 entered into with Dr. Browne, all outstanding equity awards were fully vested as of his termination date, November 30, 2014, and he was entitled to severance payments equal to 12 months of his salary. His entire severance as paid in fiscal year 2015.

In September 2014 and August 2013, the Committee determined that the performance metrics for the Fiscal 2014 and 2013 grants had not been fully met. Therefore, a percentage of the options granted in Fiscal 2014 and 2013 to Dr. Browne were forfeited as follows:

Name	Grant Date	Original Grant	Percentage Forfeited	Options Forfeited	Grant Date Fair Value
Leslie J. Browne, Ph.D.	11/16/2012	13,650	75 %	10,238	\$135,135
	9/13/2013	17,230	10 %	1,723	\$7,409

The grant date fair values used to calculate such compensation costs were not adjusted to take into account the effect of the forfeitures.

Grants of Plan-Based Awards

The following Grants of Plan Based Awards table provides additional information about stock and option awards and equity incentive plan awards granted to our named executive officers during the fiscal year ended June 30, 2015.

The amounts shown are the grant date fair value of stock options granted to each named executive officer, in accordance with FASB ASC Topic 718 pursuant to the Black Scholes pricing model. For a discussion of valuation (1) assumptions used in the calculations, see Notes 2 and 10 of Notes to Consolidated Financial Statements included in this prospectus. The grant date fair values used to calculate such compensation costs were not adjusted to take into account any estimated forfeitures.

(2) In conjunction with the resignation of Mr. Martell, all his outstanding options granted were forfeited.

Outstanding Equity Awards at Fiscal Year-End

(1)

Such amounts consist of performance based options with the maximum number of option shares in which the optionee may vest to be determined by the Compensation Committee within 90 days following the fiscal year end based on achievement of performance metrics and shall vest one-quarter on the first anniversary of the date of grant with one-thirty-sixth of the balance vesting each month thereafter with continued service.

(2) 47,114 of the options were exercisable on the date of grant, with one-twenty-eighth of the balance vesting each month thereafter.

(3)

Options remain exercisable through the expiration dates.

Option Exercises and Stock Vested

There were no option exercises and stock vested activity for our named executive officers during the year ended June 30, 2015.

Director Compensation

We pay our non-employee directors cash compensation, paid in quarterly increments as consideration for their service on our board for each fiscal year as follows:

Annual (Base) Retainer	\$10,000
Per Scheduled Board Meeting Fee	\$1,500 ⁽¹⁾
Per Committee Meeting Fee	\$750 ⁽²⁾
Additional Annual Retainer:	
Chairman of the Board	\$5,000
Audit Committee Chair	\$3,500
Compensation Committee Chair	\$3,500
Nominating and Corporate Governance Committee Chair	\$1,500
Non-Chair Committee Member Additional Retainer (All Committees)	\$1,000
Maximum Per Diem For All Meetings	\$2,000

(1) \$750 for telephonic meetings (less than 30 minutes: \$375).

(2) \$375 for telephonic meetings.

Equity Compensation

Equity Election Program

A director may elect to receive, in lieu of such cash retainer and meeting fees, either (i) restricted stock units, or RSUs, covering that number of shares having a fair market value on the grant date equal to such cash award or (ii) a number of option shares equal to twice the number of RSU's that would have been received, with an exercise price per share equal to the fair market value of our common stock on the option grant date. Such election must be timely made and generally applies for the entire year. The awards are fully-vested on the grant date and each option has a maximum term of 10 years subject to earlier termination 3 months following cessation of board service. The RSUs or options are generally granted quarterly, effective two (2) days following the filing of our quarterly reports on Form 10-Q for that quarter, and are fully vested as of the grant date.

Edgar Filing: Sevion Therapeutics, Inc. - Form 10-K/A

As elected by all directors in 2014 to receive options in lieu of cash, an option grant was made in November 2014 to pay the remaining 2014 amounts owed. For Fiscal 2015, only one of the directors elected to continue to receive options in lieu of cash, Dr. Waksal, all other directors elected to receive their fees in cash for the year. Accordingly, the directors received options to purchase shares of our common stock pursuant to the provisions of the 2008 Stock Plan and their equity elections with the exercise price per share equal to the closing price on the option grant date. The dollar amount of the fees paid in equity pursuant to such program by each director for Fiscal 2015 and the number of shares subject to such equity awards was as follows:

Director	Grant Date	\$ Amount of Fees paid in Equity	Number of Shares subject to Options
Harlan W. Waksal, M.D.	11/18/14	\$ 7,125	17,168
	2/19/15	\$ 7,250	26,852
	5/18/15	\$ 5,500	11,340
John N. Braca	11/18/14	\$ 2,187	5,270
Christopher Forbes (1)	11/18/14	\$ 1,437	3,462
David Rector (2)	11/18/14	\$ 2,187	5,270
Steven Rubin	11/18/14	\$ 1,375	3,314

(1) Such director resigned from the board on January 8, 2015.

(2) Option granted to Mr. Rector during his service as a member of the Board of Directors and a member of Compensation Committee and the Audit Committee.

Annual Equity Awards

We do not automatically grant options or other equity to our non-employee board members. Our Compensation Committee reviews the equity program each year and determines the appropriate level of the equity awards to be made for that year.

On November 18, 2014, the Committee granted the following options to the non-employee directors for their service during Fiscal 2015; the options had an exercise price per share equal to \$0.83, the closing price on the option grant date. Such options vested as follows: one-half (1/2) upon the date of grant and the remaining one-half (1/2) vested one (1) year from the date of grant, subject to continued board service through the vesting date. Each option has a maximum term of 10 years subject to earlier termination 3 months following cessation of board service. The option grants listed below are in addition to the options awarded to our directors pursuant to the equity election program described above.

Director	Number of Shares subject to Options
Harlan W. Waksal, M.D.	38,034
John N. Braca	31,698
Christopher Forbes (1)	27,882
David Rector (2)	31,698
Phillip Frost, M.D.	25,344
Steven Rubin	25,344

(1) Such director resigned from the board on January 8, 2015.

(2) Option granted to Mr. Rector during his service as a member of the Board of Directors and a member of Compensation Committee and the Audit Committee.

	11/18/14	—	\$0.83	25,344	\$14,623

(1) Represents additional options granted for service during Fiscal 2014, not for cash compensation for Fiscal 2015.

(2) Includes 4,518 additional options granted for service during Fiscal 2014, not for cash compensation for Fiscal 2015. The remainder of the grant of 12,650 options represents payment for service during the first quarter of 2015 and his annual retainer as the Chairman of the Board, Compensation Committee Chair and as a member of the Nominating Committee.

In accordance with SEC rules, this column reflects the aggregate grant date fair value of the option awards granted during FY2015 computed in accordance with ASC 718. Assumptions used in the calculation of these amounts are included in Notes 2 and 10 to our consolidated financial statements included elsewhere in this prospectus. The grant date fair values used to calculate such compensation costs were not adjusted to take into account any estimated forfeitures. These amounts do not reflect the actual economic value that will be realized by the named executive officer upon the vesting of the stock options, the exercise of the stock options or the sale of the common stock underlying such stock options. For further information concerning such equity awards, see the section above entitled “Aggregate Equity Compensation” and the section below entitled “Outstanding Director Equity Awards.”

Outstanding Director Equity Awards

The following table shows the total number of shares of our common stock subject to option awards (vested and unvested) held by each non-employee director as of June 30, 2015:

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is or has been an officer or employee of our company or any of our subsidiaries. In addition, no member of the Compensation Committee had any relationships with us or any other entity that requires disclosure under the regulations promulgated by the SEC and none of our executive officers served on the Compensation Committee or board of any company that employed any member of our board.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

As of June 30, 2015, there were 162 holders of record of our common stock, and we had outstanding 18,752,813 shares of our common stock and each outstanding share is entitled to one (1) vote at the Meeting. The following table sets forth certain information, as of June 30, 2015, with respect to holdings of our common stock by (i) each person known by us to be the beneficial owner of more than 5% of the total number of shares of our common stock outstanding as of such date; (ii) each of our directors, which includes all nominees, and our named executive officers; and (iii) all of our directors and our current executive officers as a group.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

Certain Relationships and Related Transactions

Research and Development Agreements

Effective September 1, 1998, we entered into a three-year research and development agreement, which has been extended for successive periods through August 31, 2014, with John E. Thompson, Ph.D. and the University of Waterloo in Waterloo, Ontario, Canada, referred to as the University. Dr. Thompson was formerly an officer and director of the company. Dr. Thompson is the Associate Vice President, Research and former Dean of Science of the University. Dr. Thompson and the University provided research and development under our direction. The agreement was renewable annually by us and we had a right of termination upon 30 days' advance written notice. In November 2014, we delivered notice of termination of this agreement to Dr. Thompson and the University of Waterloo and the agreement terminated effective December 31, 2014.

Research and development expenses under this agreement for the fiscal years ended June 30, 2015, 2014 and 2013 aggregated U.S. \$284,600, U.S. \$628,995 and U.S. \$628,995, respectively.

Consulting Agreement with John E. Thompson, Ph.D.

Effective May 1, 1999, we entered into a three-year consulting agreement, which has been extended for successive periods through June 30, 2015, for research and development with Dr. Thompson. This agreement provided for monthly payments of \$3,000 through June 2004. However, effective January 1, 2003, 2006, 2007 and 2011, the agreement was amended to increase the monthly payments from \$3,000 to \$5,000, from \$5,000 to \$5,200, from \$5,200 to \$5,417, and from \$5,417 to \$5,625, respectively. In November 2014, we delivered notice of non-renewal of this agreement to Dr. Thompson and the agreement terminated effective June 30, 2015.

Consulting Agreement with David Rector

On January 9, 2015, we entered into a consulting agreement with The David Stephen Group LLC, an entity wholly-owned and controlled by David Rector, our interim President and Chief Executive Officer, setting forth Mr. Rector's monthly compensation amount for the provision of his services as our interim President and Chief Executive

Officer, as well as certain other standard provisions, such as confidentiality and invention assignment. Under this agreement, we have agreed to pay Mr. Rector \$10,000 per month as compensation for his services provided under the agreement. Effective June 2015, the Compensation Committee increased the monthly compensation to \$15,000 per month for his services. We paid \$62,419 to Mr. Rector pursuant to the consulting agreement during the fiscal year ended June 30, 2015.

Debt / Equity Transactions

Line of Credit

On February 17, 2010, we entered into a credit agreement with JMP Securities LLC. The agreement provided us with, subject to certain restrictions, including the existence of suitable collateral, up to a \$3.0 million line of credit upon which we could draw at any time (the “Line of Credit”). Any draws upon the Line of Credit accrued at a monthly interest rate of the broker rate in effect at the interest date, plus 2.0%. There were no other conditions or fees associated with the Line of Credit. The Line of Credit was not secured by any of our assets, but was secured by certain assets of a member of our board of directors, Harlan W. Waksal, M.D., which security interest was held by JMP Securities. In February 2014, the outstanding balance on the line of credit was paid in full and the line of credit was cancelled.

July 2015 Transaction with OPKO Health, Inc.

As previously disclosed, during May through July 2015, we entered into separate subscription agreements (each, a “Subscription Agreement”) with certain accredited investors (the “Investors”) whereby we sold (the “Offering”) units of our securities (the “Units”) with each Unit consisting of one share of our common stock or, at the election of the Investor, shares of our 0% Series C Convertible Preferred Stock and a thirty-month warrant to purchase one half of one share of common stock at an exercise price of \$1.50 per share (the “Warrants”). Each Unit was sold for \$0.75 per Unit. The aggregate net offering proceeds to us from the sale of the Units, after deducting the aggregate placement agent fees of approximately \$424,542 and other estimated aggregate offering expenses payable by us of approximately \$103,500, were approximately \$5,979,966.

On July 27, 2015, we entered into a subscription agreement with OPKO Health, Inc., (“OPKO”) pursuant to which OPKO purchased 666,667 Units consisting of Series C Convertible Preferred Stock for a purchase price of \$500,000. Phillip Frost, M.D., a member of our board of directors, is the Chairman of the Board and Chief Executive Officer of OPKO.

Review and Approval of Related Person Transactions

Our Audit Committee Charter requires that our Audit Committee review and approve or ratify transactions involving us and any executive officer, director, director nominee, 5% stockholder and certain of their immediate family members, also referred to herein as a related person. The policy and procedures cover any transaction involving a related person, also referred to herein as a related person transaction, in which the related person has a material interest and which does not fall under an explicitly stated exception set forth in the applicable disclosure rules of the SEC.

A related person transaction will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person’s interest in the transaction. In considering related person transactions, the Audit Committee will consider any information considered material to investors and the following factors:

- the related person’s interest in the transaction;
- the approximate dollar value of the transaction;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than terms that we could have reached with an unrelated third party; and
- the purpose and potential benefit to us of the transaction.

Director Independence

The Company is not a listed issuer and so is not subject to the director independence requirements of any exchange or interdealer quotation system. Although we are not currently subject to director independence requirements, we have, nevertheless, in determining whether our directors and director nominees are independent, we use the definition of independence provided under Section 803 of the NYSE MKT Company Guide. Under this definition of independence, a director will, among other things, qualify as an “independent director” if, in the determination of our board, that person does not have a relationship that would interfere with his or her exercise of independent judgment in carrying out the responsibilities of a director. Our board has determined that each of Messrs. Braca and Rubin and Drs. Waksal and Frost is an “independent director” under Section 803 of the NYSE MKT Company Guide. Mr. Rector and Dr. Smider would not be considered independent because they currently serve or have served as officers of the Company.

Item 14. Principal Accounting Fees and Services.

The aggregate fees billed by McGladrey LLP for services performed for the fiscal years ended June 30, 2015 and 2014 are as follows:

	2015	2014
Audit Fees	\$128,000	\$102,900
Audit Related Fees	6,000	34,148
Tax Fees	-	-
All Other Fees	-	-
Total Fees	\$134,000	\$137,048

AUDIT FEES

The aggregate audit fees for the years ended June 30, 2015 and 2014 were primarily related to the audit of the our annual financial statements and review of those financial statements included in our quarterly reports on Form 10-Q and fees for professional services rendered in connection with documents filed with the Securities and Exchange Commission.

AUDIT RELATED FEES

Audit related fees for the years ended June 30, 2015 and 2014 were primarily incurred in connection with our equity offerings and registration statements.

Pre-Approval Policies and Procedures

In accordance with its charter, the Audit Committee is required to approve all audit and non-audit services provided by the independent auditors and shall not engage the independent auditors to perform the specific non-audit services prescribed by law or regulation.

The Audit Committee has adopted policies and procedures relating to the pre-approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. This policy generally provides that we will not engage our independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to us by our independent registered public accounting firm during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

The Audit Committee has also delegated to the chairman of the Audit Committee the authority to approve any audit or non-audit services to be provided to us by our independent registered public accounting firm. Any approval of services by a member of the Audit Committee pursuant to this delegated authority is reported on at the next meeting of the Audit Committee.
