**Item 1.01 Entry into a Material Definitive Agreement.**

On November 25, 2007, the Registrant and ESCO Technologies Holding Inc. ( ESCO Holding ), a wholly-owned subsidiary of the Registrant, entered into a Stock Purchase Agreement (the Agreement ) with Illinois Tool Works Inc. ( ITW ) pursuant to which ESCO Holding sold its wholly-owned subsidiary, Filtertek Inc. ( Filtertek ), to ITW. Filtertek designs, develops, manufactures, assembles, distributes, promotes, sells and services filtration products and injection molded components (the Business ).

The transaction was structured as a sale of all issued and outstanding capital stock of Filtertek (the Transaction ), and closed on November 25, 2007 soon after the Agreement was entered into. The total consideration paid by ITW to ESCO Holding was \$77,450,000, net of cash and debt, and subject to post-closing adjustments for changes in capital employed.

On November 26, 2007, the Registrant issued a press release announcing the closing of the Transaction. A copy of the press release is furnished with this report as Exhibit 99.1 and is incorporated by reference herein.

Representations and Warranties

The Agreement provides for typical representations and warranties among the parties, which generally survive for eighteen months after closing, subject to certain exceptions for representations and warranties with longer survival periods. Those with longer survival periods include representations as to:

the Registrant and ESCO Holding's authority and ownership of Filtertek, Filtertek's capitalization and ITW's authority, which survive for an unlimited duration;

tax matters, which survive until the expiration of the statute of limitations applicable to claims thereunder, plus three months;

the sufficiency of warranty accruals, which survive for a period of three years following the closing; and

environmental matters and intellectual property, which survive for a period of five years following the closing.

Closing Conditions

The obligation of the parties to the Agreement to consummate the Transaction was subject to a number of closing conditions, including:

The delivery of certain closing certificates and stock certificates;

The transfer of Filtertek's thermoform packaging business (the Tek Packaging division) into a separate entity wholly-owned by ESCO Holding; and

The execution of a transition services agreement between Filtertek and the new thermoform packaging separate entity.

Indemnification

The Registrant and ESCO Holding agreed, jointly and severally, to indemnify ITW and Filtertek for certain losses, including losses arising from breaches of representations and warranties and breach of covenants and losses relating to certain pre-closing operational matters. The Registrant and ESCO Holding's indemnification obligation for breaches of representations and warranties shall not arise until any particular loss exceeds a de minimis amount of \$5,000 (the De Minimis ) and all losses exceed \$425,000 (the Deductible Amount ). Losses for other indemnification claims are not subject to De Minimis or the Deductible Amount. Indemnification is available up to the maximum amount of \$11,000,000.

The foregoing description of the Agreement does not purport to be complete and is qualified in its entirety by reference to the complete text of the Agreement, which is attached hereto as Exhibit 2.1 and incorporated herein by reference.

### Cautionary Statements

The Agreement has been included to provide investors with information regarding its terms. Except for its status as the contractual document that establishes and governs the legal relations among the parties thereto with respect to the Transaction, the Agreement is not intended to be a source of factual, business or operational information about the parties.

The representations, warranties and covenants contained in the Agreement were made only for purposes of such Agreement and as of specific dates, were solely for the benefit of the parties to such Agreement, and may be subject to limitations agreed by the contracting parties, including being qualified by disclosures exchanged among the parties in connection with the execution of the Agreement. The representations and warranties may have been made for the purposes of allocating contractual risk among the parties to the Agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. Investors are not third-party beneficiaries under the Agreement and should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of the Registrant or any of its subsidiaries.

#### Pro Forma Financial Information

The following unaudited pro forma consolidated statements of operations for the fiscal year ended September 30, 2006 and the nine months ended June 30, 2007 present the Registrant's results of operations as adjusted to give effect to the divestiture of the Filtertek Companies ( Filtertek ) (excludes the Tek Packaging operations) as if it occurred September 30, 2005. The accompanying unaudited pro forma consolidated balance sheet as of June 30, 2007 presents the Registrant's financial position as if the divestiture occurred on June 30, 2007. The unaudited pro forma consolidated balance sheet as of June 30, 2007 reflects the elimination of the net assets of Filtertek, the elimination of all intercompany accounts, the inclusion of the net proceeds from the sale in cash and cash equivalents, and the estimated gain on the sale in shareholders' equity. The net proceeds include the estimated taxes to be paid on the tax gain of the transaction, net of the utilization of capital loss carryforward. The final tax effect is subject to any post-closing adjustments and the final determination of the tax bases in the net assets sold. The estimated gain on the sale of Filtertek may change upon final determination and settlement of post-closing adjustments.

The unaudited pro forma financial statements should be read in conjunction with the Registrant's consolidated financial statements and notes thereto previously filed as part of the Registrant's most recent annual and quarterly reports on Forms 10-K and 10-Q for periods ended September 30, 2006 and June 30, 2007, respectively.

The unaudited pro forma information below is provided for information purposes only and is not necessarily indicative of what the actual financial position or results of operations of the Registrant would have been had the transaction actually occurred on the dates indicated, nor does it purport to indicate the future financial position or results of operations of the Registrant. Results of operations for the nine months ended June 30, 2007 may not be indicative of results of operations to be expected for a full year. The pro forma adjustments are based upon available information and assumptions believed to be reasonable in the circumstances. There can be no assurance that such information and assumptions will not change from those reflected in the pro forma financial statements and notes thereto.
